Keeping Up ... With Uplanders

By V. V. P.

$1 IN EACH $20!

The other day a drunk driver paid a fine of $158 in Judge Fred H. Jacob's court here.

An odd amount it is. Why not $150 or $160, instead of the $158?

You have heard of taxes or special assessments? Sure. And now the traffic law violators are learning of them.

At the rate of $1 for every $20, a special assessment is levied on fines, this amount going into a special fund for "driver education". A state law provides for this.

Thus, if the normal fine is $150 for the privilege of driving a car while drunk, an additional $8 is added; thus the additional fee so drivers of the future will be better trained.

A very fine idea, we think.

"NO BUILDING HERE"

An Ontario realtor was quoted the other day in one of the seven daily newspapers available here to the effect that "Upland has imposed so many restrictions as to virtually halt construction".

And then we read this headline in the same newspaper a few days later;

"Upland Building Climbs: Ontario Shows Decline".

The figures, of course, contradict the realtor's views. Upland's building is far from halted. New construction during the first seven months of 1955 here has a valuation of $1,716,770, an increase of $592,998 over the first seven months of 1954.

What has happened in Ontario during the same seven months?

New construction has a valuation of $6,604,322, a decrease over the same seven months last year of $360,113.

It is true, Upland has unusually high restrictions but more houses than ever are being built here. Surely, construction is not halted. It should never be "halted" but the highest possible standards must be maintained.

NAMES

What a relief it would be to be able to write only the good old fashioned names of Robert, William, Mary and Janet but yesterday we found a new name, "Meral". Pity the girl who at every turn will be forced to spell her name.

We learned the name was coined when an expectant mamma was in the hospital and reading. She ran across the word, "Emerald" but she figured it was too long.

So, she tried various combinations and decided the gem, beheaded and curtailed, would make a fine name for a girl, or even a boy. It turned out to be a girl. So that is her name.

We deal with hundreds of names every week but unless they are the old standbys, we must check and double check. And so it will be with Miss Meral.

IS IT POSSIBLE?

If you are not really aware of how rapid changes are in your community, glance at some of the city of Upland expenses 15 years ago as compared with today.

The police budget in 1940-41 called for expenditures of only $18,000. Today it is $111,417 — more than the entire municipal budget 15 years ago.

All other department totals look about the same in the comparisons. For example the building inspection department had a trivial budget of $1,820 in 1940 as compared with $12,782.

Read on — figures of 15 years ago are reviewed under "Time Passes" on page two, section two of today's Upland News.

OUR BUSINESS

Beautifying the Upland district is the business of those who live here. Outsiders and transients are not interested in our appearance.

NEW ASSESSOR

Roland Tornquist is the county's new assessor. And he is a good man. For years he has been a very close student of taxation, property values and he is also a practical person in management of a modern office with scores of employes.

Members of county grand juries in recent years have profited by his counsel. Personally, when we were studying the matter a couple of years ago, we found his analysis of the county assessor's office very fair and constructive. He had refused to become a candidate for the elective officer but when a vacancy existed, Mr. Tornquist accepted the invitation of the county supervisors for the post. He succeeds the late Max A. Cranmer.

We are confident the taxpayers of the county will find in him a valuable department head.

STEAKS ON WEDNESDAYS

Almost a tradition now is the serving of steak dinners in the newspaper family household every Wednesday night. While we seldom want for a good dinner, somehow we look forward to the Wednesday evening feast more than any other meal of the week.

Maybe, it is something like a celebration — the week's newspaper is on the press! Not that publishing the newspaper is any great struggle, the fact remains the press day "pressure" is off. And so, it is steak for us every Wednesday.

Elementary School Funds Come From State

$522,000 To Be In Outside Support

More than two thirds of the money required to finance elementary schools in the Upland-Foothill district will come from sources other than local property taxes, it was revealed yesterday by The Upland News in an analysis of the school budgets.

Sum of $922,095 will be needed to maintain and operate the classrooms in all the elementary schools north of the San Bernardino freeway from the Los Angeles county line east through Etiwanda.

Of this total, $599,909 will come "from other than local taxes", according to the budget tabulation. Most of the outside source is money distributed by the state to the various schools on the basis of the average daily attendance. Much of this money is collected as a state sales tax. School taxes in the various elementary districts, levied on real property, will produce $324,668 in funds.

UPLAND FIGURES

Owners of property in the Upland school district will pay $134,311 in school tax while $354,880 will come to the district from outside sources.

Etiwanda property owners will pay in school taxes $95,265 and will receive only $25,860 from other sources.

Figures on other districts follow:

Cucamonga, $32,436 in taxes on property, $82,980 from outside sources.

Cucamonga Central school district, $32,528 in taxes, $78,341 from outside sources.

Alta Loma, $29,142 in taxes and $42,987 from outside sources.

Mt. Baldy, $986 in taxes and $14,861 from outside sources.

As to the Chaffey high school district, total of $2,797,558 is needed and property taxes will produce $1,423,039 with $850,513 coming to the district from outside sources.

Chaffey college income, other than taxes, will total $390,882.

A complete compilation of the item, "Other than taxes", gives a combined total of $1,841,304. This is the total sum of money coming to the Chaffey high school and college district, the Upland elementary school district, Cucamonga school district, Cucamonga Central school, Alta Loma school district, Etiwanda school district and Mt. Baldy school district.

Chamber Heads To Reorganize Tuesday Night

Reorganization of the Upland chamber of commerce board of directors will be effected at the meeting of the newly elected directors and the hold-over directors Tuesday night.

President Paul G. Hottel will preside prior to the reorganization session as the last meeting of the current board. Names of the eight newly elected directors were announced in The Upland News last week.

The new directors are Don Ricci, Mrs. Maelynn Campbell, Clinton Mayberry, Robert Joines, Harry M. Wright, Don Hewitt, Val Ogell and Charles Walker. Making up the new board with this group will be the hold-over directors; John B. Atwood, Ross Crampton, Ralph H. Miller and A. Basil Harris.

Retiring from the board besides Mr. Hottel will be Ray Davis, Harry Dier, Earl E. Hawthorne, Dr. John McFarlane, J. Harvey Siegrist and William E. Silverthorne.

Heat? Some Keep Cool

Hot? Maybe it is for some people; maybe not for others. Apparently, it is all in the point of view.

Mrs. Flora Allen, 460 N. Third Ave., "enjoys it. My son, Avery, who lives in Bakersfield, says people in Upland do not know how to live in hot weather.

"It is cooler here now in general than it was in the early years", she declared. "I don't know why but the hot periods are not as hot or as long as they used to be".

Mrs. J. B. Ford, 159 W. Arrow Hwy., admonishes people to stay in their houses.

'That is how I keep cool".

"People hollering about hot weather here make me laugh", said Taz Cochrum who operates a shoe repairing business on E. Ninth St.

"I don't even try to keep cool. I like hot weather! Where I come from in Kentucky the humidity keeps it hot all night. There's always a breeze here and I like it!"

Mrs. Donald Stewart, Jr., 777 Laurel Ave. has her own solution to the problem.

"I keep busy and haven't thought about it", she said. "We're planning to paint the house and I've had to clean it up first. I know it's strenuous but when you're busy you don't think about the heat".

The Stewarts use a table fan to bring more air into the house and keep the sun out by keeping the blinds pulled. There's always a breeze she reports.

Rebecca and Barbara wear as little as possible and go into the sprinkler a lot so they don't mind the heat.

Haacks Sell House, Move To Sacramento

After residing here eight years, the George Haack family is moving to Sacramento, where Mr. Haack is manager of the GEE stores. Their residence at 265 N. Euclid Ave. has been purchased by Mr. and Mrs. George deMontegny of West Covina.

While Mr. Haack and their two daughters, Karol and Joanne, have moved to Sacramento, Mrs. Haack is remaining here temporarily to manage the Haack store at 281 N. Second Ave.

Members of the family have been active in the community's civic and fraternal affairs.

Mr. deMontegny is employed at the Ontario airport. They have three sons.

Don Eyer Receiving Basic At Fort Ord

Donald George Eyer, the son of Mr. and Mrs. George Eyer, 776 N. Second Ave., is receiving his basic training with the U. S. Army at Fort Ord. He was inducted into service on July 24.

While he is away his wife and baby daughter, Deanne Carlene, who is six weeks of age, will make their home with his parents. His wife is the former Joan Clarke of Monte Bello.

Good Progress Is Reported On Stuft Shirt

"Good progress" is being made in the preliminary work leading up to the actual construction of the Stuft Shirt Corp. restaurant at the northwest corner of Euclid Ave. and Foothill Blvd., Norman Goss, Pasadena, president, reported yesterday.

As to the actual start of construction, Mr. Goss said "I hope we will be able to get under way just as soon as we get completed our application for various permits and licenses from the state".

Eight acres will be used in development of the deluxe restaurant and entertainment center in accordance with plans approved in recent months by the city council and the city planning commission.

"Excellent progress is being made in building our financial foundation and I forecast that it will not be long until we can begin our actual construction", Mr. Goss explained.

He was in Upland Tuesday and is here frequently. He announced the appointment of Baker Wallace, a former resident of the area, as public relations representative. A former vice president of the Brogdex Co., Pomona, and a former member of the Red Hill Country club, Mr. Wallace is making contacts in this area prior to conclusion of the financial preliminaries.

"I am aware of the wide interest in our project and I assure Uplanders that within a short time we will begin the realization of what we have been talking about".

John Lindell Will Be Lions Speaker

John Lindell, one time pitcher and fielder in the major baseball leagues and a Pacific coast league star, will be the speaker at the meeting of the Upland Lions club in the Upland Woman's clubhouse at noon today. Ernest H. Gibson is the program chairman. The speaker is a brother-in-law of Mrs. Edwin Dean.

Harold Musser is president of the club.

New Signal System To Be Studied This Weekend At Foothill Blvd., Euclid

Circulation Income is Up 50 Per Cent

Circulation is the most important phase of the business of publishing a newspaper — and The Upland News staff is happy today to give a very, very good report on the circulation income.

While the circulation income is only a very minor part of the newspaper's total income, it is a very vital indicator of the reception of the paper in the community.

During July, The News' circulation income was 50 per cent greater than during the same month in 1954.

This was due to at least two reasons. One reason is the steady increase in the number of subscribers.

Another reason is the tendency on the part of subscribers to pay at the annual $3 rate instead of paying at the six months rate of $1.75. A circulation increase is the best expression that can come to a newspaper.

Big Foothill Lot Is Sold

A lot on the north side of Foothill Blvd. immediately west of the Red Chief motel is today under the ownership of Thomas Photos, who resides at 343 S. Euclid Ave. The lot has a frontage of 300 feet on Foothill with a varying depth up to 300 feet.

While he has no definite plans at present, the site was purchased to become eventually a site for a business or a professional building, Mr. Photos said.

Grid Coach Looks to Start Of School Here

It is with great anticipation Jerry Bell is awaiting the start of school. He is this community's new football coach.

The new Upland high school squad will give him his first assignment as head coach. He left the job of assistant coach at Pepperdine college, Los Angeles, to accept the head coaching job at the W. 11th St. campus.

Being in this district is nothing new for him. He played on the famous Chaffey college junior Rose bowl team in 1947. He was graduated from the Panther institution in 1948 and went to Pepperdine college as a student and later as coach.

His wife is the former Eleanor Johnstone of Ontario. The new head grid mentor and Mrs. Bell have three children, Kathy, 4 years of age; Martin, 2 years and Bruce, nine months.

A new home is being built for the family at 1441 N. 2nd Ave.

Incidentally, Coach Bell is already getting prospective players lined up. He has a list of about 60 candidates and is eager to get more names. Grid practice will be started with the beginning of classes.

Head Football Coach

JERRY BELL

When football practice begins next month, Jerry Bell, will be an important person in the eyes of many people. He is the first head football coach of the Upland high school "Raiders". He played for Chaffey college in the Little Rose bowl game a few years ago.

Child With Matches Causes House Fire

Quick thinking and a cool head on the part of Mrs. William Reagan saved the family home at the corner of 19th and Hermosa in Alta Loma Sunday. The fire started when a small child was playing with matches in a bedroom, according to Eugene Billings of the Alta Loma fire department.

Mrs. Reagan closed the fire off, containing it in the bedroom, until the arrival of all three fire department units. The firemen were on the job within three minutes.

Damage to the house, owned by Ike Fifield of El Centro, is approximately $500. All clothing in the closet where the fire started was destroyed.

Joe Borgis Hurt In Truck Accident

Joe Borgia, 296 S. Third Ave., is recovering at his home following an accident at 6th St. and Vineyard Ave., Ontario, Monday afternoon. He suffered a cut near the eye and injuries about the body. After receiving emergency treatment at the San Antonio Community hospital, he was taken to his home.

Mr. Borgia was driving a small truck. A truck driven by Harland Donohue, Pomona, was also involved in the accident. He suffered head injuries.

Mr. and Mrs. William C. McCombs, 1047 Terrace Dr. spent the weekend with friends at Mammoth Lakes.

Whitney To Act on Rezoning of West Foothill

George Whitney, chairman of the Upland city planning commission, is today facing the decision of placing in the business zone the area on the north side of West Foothill Blvd.

It is expected he will decide the issue at the Aug. 25 meeting of the city planners. Full responsibility for the decision rests upon him due to the present three to three vote on the issue as recorded at the Thursday night meeting.

Mr. Whitney was absent. Dan Maher, vice chairman, presided during the public hearing on the question of rezoning from agriculture to the "highway commercial zone", the area on the north side of Foothill to San Antonio Ave.

The motion to change the area to the business zone was sponsored by William Kistinger and Jack Clark. Dr. Henry G. Bru-

5 More Houses In Gannon Tract

Five additional houses in the Don A. Gannon residential tract on West 11th St. are scheduled for early construction, this bringing to 10 the number of dwellings being built. Forty houses are planned in the 10-acre subdivision at the northwest corner of 11th St. and San Antonio Ave.

The five houses have a valuation total of $58,000, according to permits issued by Building Inspector Richard Derby.

Earlier, permits were issued for the first five houses in the area. The 10 houses will face on 11th St.

A permit was issued to Donald Warner, for a new residence at 1427 Salinas St. Alterations to the Long Bar cafe at 694 E. Foothil Blvd. are underway, a building permit being issued to Nick Diaz with Earl Casler, contractor, in charge of the project.

Other permits have been issued to Verna M. Mehl, 690 E. Arrow Hwy., for alterations; Charlotte Wood Cantrell, 607 E. 7th St., alterations; Upland junior high school, re-roofing; Milton Huxtable, 1112 N. Euclid Ave., for addition to den.

Light for Left Turn Only May Be New Addition

In an effort to provide the best possible traffic signal control at Foothill Blvd. and Euclid Ave., the state division of highways will make a new study at the intersection this weekend.

This will be the second special study made within a year and it is being done by J. H. Moore, traffic engineer, to determine if special "left turn" signals would be any advantage. In January, highway engineers made a local study and found there had been very little change in the traffic pattern since opening of the San Bernardino freeway. He said changes had been expected.

With the traffic flow at its summer height now, a new study will be made to determine if installation of the special left turn signals would be advantageous. Mr. Moore said traffic checkers would be here during latter part of the week.

A possible change in the present three-way signal system would be another phase for left turn, serving motorists going east who wished to turn north on Euclid and those going west who wished to turn south on Euclid.

Following the death of the late Frank K. Nichols in an accident at the intersection, city officials asked the state highway officials to "do something about the confusion resulting from the signal system". The special study of the intersection traffic was delayed until sometime after opening of the freeway. This check was made in January.

Upland city councilmen will be interested in the results of the traffic study and Mr. Moore said he would supply the information to City Manager Richard G. Manley at an early date.

Cite Motorist After Accident

Charles Scott, 217 E. C St., Ontario, was cited for damaging city property following an accident Monday afternoon when his car hit the curb, a no parking sign, a pepper tree and a stop sign at the corner of Ninth St. and Euclid Ave.

According to the Upland police the motorist reported he lost control of his car when he hit a seam in the pavement. His damaged car had to be towed from the accident scene.

Rodney Johnson Buys On Shasta Way

Mr. and Mrs. Rodney Johnson of Saticoy, formerly of Upland, are returning here to live, having purchased the residence at 614 Shasta Way. They left here three years ago. Mr. and Mrs. Joseph M. Sturn, Jr., were the sellers. His work has taken him to Los Angeles.

Mr. Johnson is an electrician with the Fred Eggers Co.

The transaction was handled by George Brannan of the Ralph H. Miler Co. real estate firm.

Walt Matlins Move To Euclid Residence

Mr. and Mrs. Walt Matlin, formerly of Chino, have moved into their Upland home, 1291 N. Euclid Ave. They purchased the residence from Jack Clark.

Mr. Matlin, who was born in Ontario, is associated with Matlin's Nursery, wholesale rose growers with headquarters in Ontario.

They have three children, a daughter and two sons, Vicky, 9, David 10½ and Kenyon 15.

Upland Woman's Club History

Service and Betterment Aim Of Popular Women's Group Here

By Gerry McGeer

"We are not here to play, to dream, to drift,
We have hard work to do, and loads to lift.
Shun not the struggle, face it; tis God's gift."

More than 50 years ago when the Upland Woman's club was formed the above words were chosen as the motto. Under its motto in the members roster booklet is listed the club's object which is, "Service to the Community."

The motto and the object still continue to inspire the members, of the club which was formed by a handful of young women seeking companionship, culture, the betterment of themselves and of their community.

It was in 1903 that the first meeting was held in the home of the late Mrs. W. S. Palmer. Upland had been incorporated the year before and contained only a few hundred people.

Mrs. Una R. Winter, who has been given life membership for the research and work she did in writing the club's history, explains that many of the women had married young. They felt the need of more education and culture. The lives of women were very different in 1903 so it was quite a step, although in that year the California Federation of Women's clubs was organized and had selected its emblem.

The Upland club did not affiliate with the federation until 1908 and by that time it had a unique position in the community.

In 1907 the club was opened to

Teachers Arrive For New School

Sisters of the Order of Presentation of Tralee, Co. Kerry, Ireland, who will staff the St. Joseph's school on N. Campus Ave. are pictured at the entrance of their residence with Father Michael Browne, pastor. Left to right are: Sister Mary Carthage O'Dowd, Sister Mary St, Maur O'Sullivan and Sister Mary De Lourdes Moriarity, the superior.

Nuns From Ireland Arrive To Staff New St. Joseph's Parish School

Three nuns of the Order of Presentation, Trallee, Co. Kerry, Ireland, arrived in Upland Monday to staff the new St. Joseph's school, which will open in September. Site of the school is on North Campus Ave., adjoining St. Joseph's Catholic church.

Sister Mary De Lourdes Moriarity, mother superior and her assistants, Sister Mary Carthage O'Dowd and Sister Mary St. Maur O'Sullivan, left Ireland July 15 on the S. S. Mauretania. They were met in Los Angeles Monday morning by Father Michael J. Browne and on their arrival at their residence were welcomed by Mrs. Daniel Maher, president of the Altar and Rosary Society, Mrs. Elvin Genung, Mrs. Robert Stover and Mrs. Robert Baumann, who will be the assistant kindergarten teacher. Luncheon prepared by Mrs. Baumann was served the travellers. Following benediction in their chapel they inspected their home, rested and met the press.

All three expressed themselves as delighted with the parish, their home, and the new school.

Father Browne, who was present said the new school will have an attendance of 250 students from Kindergarten through the fourth grade.

Joing the nuns at their first luncheon in Upland were the Rev. Father Joseph Jamula, assistant pastor, the Rev. Thomas Moloney of Bryn Mahr and Mr. and Mrs. Martin Smith.

Recent guests of Mrs. Frances Caldwell; 520½ N. First Ave. were her sister, Mrs. Sarah Palmer and the latter's son-in-law and daughter, Mr. and Mrs Paul Brown, who have returned to their homes in Provo, Utah.

Lights On Tennis Courts Will Be Supplied Free By School District

Tennis players on the Upland junior high school courts may play up until 10 p.m. without having to pay for any electric lights.

Members of the Upland board of education in a meeting Monday night voted to install an automatic clock-switch to turn the lights on at 7 and off at 10 p.m. Use of a coin meter box to control the lighting was found to be impractical due to the ease with which it could be tampered, according to a report made to the board by Superintendent Harold W. Cook. Cost of repairing the meter was not offset by the income, it was reported.

The courts are popular, they being in use many nights during the week.

The board members also conducted a public hearing on the school budget as recently published. Total expenditures and balances are $593,544. This is an increase of $43,231 over totals in the budget of a year ago.

Purchase of an additional school bus at a cost of $7,980.98 was authorized. The Reo Motors, Inc., Los Angeles, was the succesful bidder in supplying the vehicle. This will bring to three the number of buses to be used in transporting students to the four local schools.

Resignation of Mrs. Edith W. Wade, San Dimas, as teacher of mentally retarded children, was accepted.

Announces Panhellenic Chairmen

The Panhellenic Society held a board meting Monday night, at the home of Mrs. Alan Swinler, 207 Hawthorne Dr., Ontario, when the hostess who is president announced the following committee chairmen for the year:

Mrs. Sally Ryrie, and Mrs. L. F. Crutcher, membership; Mrs. H. I. Vollerson, publicity; Mrs. Willard Baier and Mrs. J. L. Freeman, courtesy; Mrs. Glenn Deal and Mrs. A. M. DeBerard, scholarship.

Social chairmen have not yet been named, Mrs. Swinler announced.

Friends Honor Robbersons

Mrs. Walter Stewart, president of the Baldy View Parent-Teacher asociation, entertained Tuesday evening in honor of Mrs. Frank Robberson, who is leaving Upland to make her home in Lincoln. Mrs. Robberson has been vice-president and program chairmen. Present were:

Mesdames Murrel Gandy, Jack Cranston, Walter Lutes, Jr.; Robert Harlow, Maurice Johnson, Alex Tacad, Robert Pruneri, Albert Weisbrod, William Fitzsimmons, Eugene Penner, Charles Dulaney, Weldon Moore, Michael Morgan, George Rooke, Frank Wyrostek, Joe Benish, Cecil Derr, Ralph Mitchel, Robert Carlson, Donald Stewart, Jr.; Robert Campbell, Ray Brewer, William Boughey.

Other affairs in honor of the Robbersons were a neighborhood coffee party Wednesday afternoon, at the home of Mrs. Carl Johnson, 775 Redding Way and a dinner party for Mr. and Mrs. Robberson tonight at the home of Mr. and Mrs. Lee Johnson, 656 Redding Way.

Girl Scouts Have Library Display

Members of Girl Scout Troop 58 have an interesting shell display at the Upland Public library which contains three rare specimens, the tower shell, coffee bean and cowry.

The shells displayed and others were gathered while girls of the troop were on a beach expedition working for their salt water badges. They took advantage of facilities at the library to mount the shells and label them. The display is in the children's library in the basement.

Former Presidents Barbecue Guests Of Mrs. Harry Plum

Mrs. Harry Plum, 484 N. Second Ave. entertained past presidents of the American Legion Auxiliary Unit 73, at a garden barbecue supper, Friday. Miss Elizabeth Faucett was a co-hostes.

After the meal a social evening was enjoyed. Those present were Mesdames Everett Carter, I. J. Linkey, James Jordahl, Charles Perrin, Francis H. Rogers, Houston Dewey and W. E. Gillespie.

Ortons Entertain Wedding Attendants

Mr. and Mrs. Raymond F. Orton, 854 N. Euclid Ave., entertained Saturday evening at the Sage Hen at a groom's dinner when guests were the attendants at the Sunday wedding of their son, Frederick E. Orton and Miss Sylvia Trevitt of Claremont.

Guests also included Mr. and Mrs. Victor Tuttle III, at whose recent wedding in Tulsa, Okla. Raymond List Orton was best man.

Newlyweds To Live in Orange

Mr. and Mrs. Harold Waddington, she the former Miss Lorraine Shockley, pictured at an intimate reception for the members of the wedding party, following their marriage Friday evening at the First Church of the Nazarene. They will make their home in Orange. Photo by Warren Sheets

Simple Ceremony Unites The Harold Waddingtons

Miss Lorraine Shockley, of the Magnolia Apts. and Harold Waddington of Orange, were married Friday evening at the First Church of the Nazarene, with the Rev. W. E. Thompson officiating.

Mr. Waddington is the son of Mrs. Edith M. Waddington, 184 S. Third Ave.

The bride, who was wearing a zepherlyne suit of white with a small white hat, carried white gardenias on her Bible. She was given in marriage by Rudolph Zurbuchen.

Miss Pauline Meade, the maid of honor, wore a powder blue suit and hat with white accessories and a white gardenia corsage.

Thomas Johnston was the best man and the ushers were David Thompson and John Thompson.

Following the ceremony the newlyweds left immediately by car for a tour of the southland after which they will live in Orange.

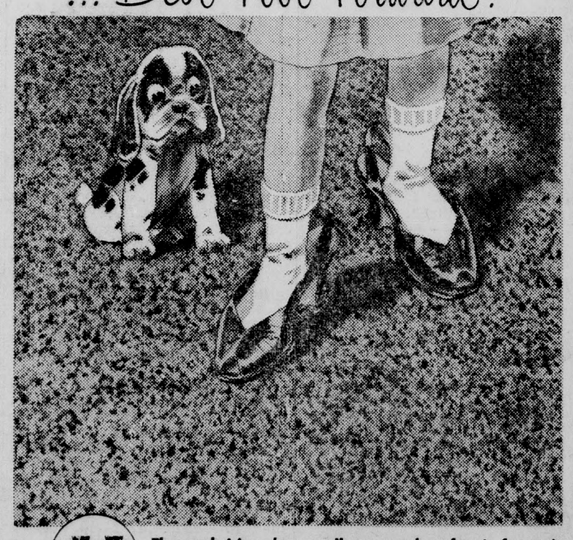

The former Miss Shockley, who attended Upland college for two years, has been a secretary at the Upland First National bank.

Square Dancers Join In County Meeting

Mr. and Mrs. Henry Hall, Mr. and Mrs. Henry Zink and Mr. and Mrs. Elton Johnston plan to attend the Cow Counties Hoe Down association monthly meeting at Big Bear Sunday.

Three Squares from the Hi Hill Square Dancers, led by Mr. and Mrs. Hall went to Sedco Hill to square dance Saturday night when there were 800 people on the floor. Previous to leaving for the dance Mr. and Mrs. Glen Sherwin entertained at a dessert party at their Euclid Ave. home.

Richardsons Surprised On Anniversary

Mr. and Mrs. William Richardson, 619 Vernon Dr. were surprised by friends on the occasion of their 25th wedding anniversary when Mr. and Mrs. John Landes and Mrs. Samuel Steele entertained for them Sunday evening at the Landes home, 914 N. Third Ave.

The Richardson's had celebrated the occasion by returning to Catalina Saturday where they had spent their honeymoon after their marriage in Long Beach.

The honorees received many lovely gifts. All but a few of the party guests were Scottish compatriots of the Richardsons.

Mrs. Anne Peterson, 97, entertained with recitations.

Guests also included Mrs. Mary Billington, Mr. and Mrs. William McLeod of El Monte; Mrs. Albert Joynes, David Young of Long Beach, Miss Janet Bruce, Miss Diane Steele, Miss Lorna Steel, Sam Steele, Ian Richardson and Bill Richardson, David Young and Ronald Day.

Mrs. Ladd Sees Need Of Rain

Mrs. W. A. Ladd, 79 W. Ninth St. has returned from a month's vacation in Yreka at the home of her son-in-law and daughter, Mr. and Mrs. Leonard Helsley. While away many places of interest were visited by Mrs. Ladd, including Crater Lake, Ore., Beaver Creek, Dam Camp, Pythias Cave, Burney Falls, Redding, Mt. Shasta, Shasta Lake and many other small places near Yreka.

Mrs. Ladd reports that the district in which her son-in-law has purchased a ranch, 14 miles south of Yreka is badly in need of rain.

Women Meeting At New Parish Hall

The new parish hall of St. Joseph's Catholic church will be used for the first time Tuesday at 8 p.m. when there will be a meeting of the Altar and Rosary Society, according to Mrs. Daniel Maher, president. All members are requested to attend.

Members are also advised by Mrs. Maher that the monthly communion for members of the society will be celebrated Sunday, at the 7:30 a. m. mass at St. Joseph's church.

SIRENS MEETING

Mrs. Thomas C. Davis, 179 S. Fern Ave., will be the hostesses at the Upland Sirens meeting, Monday, at 8 p.m. Mrs. Fred Strohte will be a co-hostess. A Hawaiian theme will be used for decorations and during the social period.

Floral Fairyland For Rites Of Robert Gray and Bride

Japanese rubrum lilies and pink carnations were used to create a fairylike setting for the marriage of Cornelia, the daughter of Mr. and Mrs. Pieter Van Den Steenhoven and Robert Scott Gray of 1644 Euclid Ave. The ceremony was performed by the Rev. Earle R. Harvey, Jr. in the drawing room of the Van Den Steenhoven home, 1605 Georgina Ave., Santa Monica, on July 24 at 4:30 p.m.

Given in marriage by her father the bride was wearing a gown of pink imported lace, styled with elbow length sleeves and bateau neckline. Her pink illusion veil was held in place by a pink satin bandeau. She carried a bouquet of white roses and white orchids.

Miss Virginia Van Den Steenhoven was her sister's maid of honor. Her gown of mauve lace and tulle featured a bateau neckline and she carried pink carnations.

Louis F. Amestoy, Jr., of San Marino, a fraternity brother of the bridegroom was the best man.

"Viennese Melodies" and "Ich Liebe Dich" were played on the piano by Miss Helen Jane Dixon prior to the traditional wedding march.

For the intimate reception, immediately following in the dining room, decorations of yellow gladioli and yellow roses were used. Guests were greeted by the bride's parents and the groom's father and stepmother, Mr. and Mrs. Nelson Gray of 1644 Euclid Ave.

Those assisting were Mrs. Marshall Hallock of Glendale, the bride's aunt; Miss Gail Frankish, stepsister of the groom; Miss Marilyn Gray of Sacramento, sister of the groom and Miss Patsy Van Den Steenhoven, the bride's sister.

For the honeymoon, which was spent at Laguna Beach, the bride donned an afternoon dress of aqua silk with black patent leather accessories. The young couple will come to Upland until September when they will both return to Stanford university.

Mrs. Gray, who has her A. B. from Stanford in education, is working for her Master's degree in physical education. Mr. Gray is working for his A. B. in physical education and is a junior. He is a member of Phi Kappa Psi fraternity.

Mr. and Mrs. R. Buskirk Now Living In Ontario

Double ring rites united Ronald Van Buskirk and Noreta, the daughter of Mr. and Mrs. Raymond Vickers, 129 Melrose Ave., Ontario, at the Ontario Nazarene church, July 11. The Rev. Orval J. Nease officiated.

Mr. Van Buskirk is the son of Mr. and Mrs. Joseph Gheller, 1403 N. First Ave.

The bride, who was given in marriage by her father, wore a picture gown of white lace over taffeta, styled with a stand up collar and lace sleeves. Her fragile lace and net veil was held by a dainty crown and she carried a white orchid on her white Bible.

Miss Barbara Vickers, her sister's maid of honor, wore a frock of white lace over pink taffeta and a pink coronet. Her flowers were pink carnations.

Bridesmaids Misses Jeanette Rigsby, Shirley Dunnaway, Doris Vickers and Cindy Tuschen wore identical frocks, but in different pastel colors. Marilyn Vickers was the flower girl and Marilyn Tuschen was the ring bearer.

James Stead was the best man and the ushers were Charles Hart, Charles Sanchez and Milo Tuschen.

A reception, attended by 300 guests, was held at the church hall.

Following a honeymoon at Laguna Beach, the newlyweds took up residence at 1057 Elma St., Ontario.

Both bride and groom are graduates of Chaffey High school. The bridegroom also attended Chaffey college. She is a legal stenographer and he is employed as a carpenter.

Family Party For Parents' Anniversary

Mr. and Mrs. Lester P. Jones, 508 N. First Ave., were honored Monday on the occasion of their 43rd wedding anniversary at a family party arranged by their son-in-law and daughter, Mr. and Mrs. Leonard Mather. The honorees were asked to cut a pretty two tier cake decorated with lilies of the valley and white bells.

Enjoying the gathering with Mr. and Mrs. Jones were Mr. and Mrs. Howard Paulin, Bill Paulin and Jay Paulin, Mr. and Mrs. Bill Schneider, sons Tom and Jeff and daughter Janice, Mr. and Mrs. Leonard Mather and son Lennie.

Mr. Jones is convalescing from a recent operation at San Antonio hospital.

Although life expectancy at birth has increased from 47 to 68 years since 1901, life expectancy for Americans over 64 has increased only by 2 years.

Bride Elect Honoree At Two Showers

Miss Arlene Kime, who is to be married Sunday, to George Gilbert of Henderson, Nev., was honored at two showers recently.

Mrs. Richard Beck, her sister, who is to be her matron of honor, and Mrs. L. E. Willis, entertained with a miscellaneous shower at the Upland Womans clubhouse when the guests were the bride-to-be's grandmother, Mrs. Beth Judge of Long Beach and Mesdames Julius Ammannito, Harry Bohme, John Cyphers, Louis Ammannito, Michael Hanna, Robert Burris, Pomona; John Wessely, Robert Young, John Veenstra, William Goss, Delane Wagner, Chino; Kenneth McGafferty, Long Beach, Harold Kime, the mother of the bride-to-be; Misses Carol McCafferty, Joann Pinkston, Katherine Evenhuis, Flora Ammannito and Norma Ammannito.

Unable to attend but sending gifts were Mesdames F. L. Gilbert, Henderson, Nev., the groom to-be's mother; Mrs. James Porter, Boulder City, Nev.; Wallace Birdsall, Weldon Beck; L. E. Willis Sr.; Karl Karp, William Beck; Miss A. B. Woodling, Pittsburgh, Pa.; Mesdames Frank Beck; Ronald Pusey, Raymond Lenhert and Robert Smathers.

Miss Joann Pinkston who is to be a bridesmaid, also entertained with a miscellaneous shower at her home in Los Angeles.

Guests wrote messages in an illustrated bride's book during the party. Upland guests at the affair were Mrs. Kime, Mrs. Beck and Miss Peggy Findlay.

Belles Enjoy Swim At Chaffey Pool

The Upland 20-30 Belles enjoyed a swimming party in Chaffey pool Tuesday and afterwards held the regular meeting at the home of Mrs. Richard Grable, 1068 W. 13th St.

Those present were Mesdames George Ludwig, Gene Dary, Bryce Evans, Gerald Hayes, Richard Lachman, John Engle, William Ryan, Harold Keller, Albert Pyacek, Richard Grable, Peter Rakich, Fred Mefferd and Shaw Morrison.

The next meeting will be held at the home of Mrs. Mefferd, 631 Shasta Way.

Service and Betterment Aim Of Popular Women's Group Here

Continued From Page One

more members and homes were no longer large enough for the meetings. A bold step was taken. Rooms over the old Commercial Bank on the corner of Second Ave. and Ninth St. were rented and furnished. These quarters were retained for 11 years. Several other places were used including the dining room of what is now the Upland Inn, which was rented for two years.

FINES IMPOSED

Culture, sometimes in indigestible gulps, was still an important objective of the club. Along with the other rules there was one that if a member didn't prepare an assigned paper for the edification of other members there was a continuing fine of 25 cents until the paper was produced. Feeling must have run high at times on this matter. One member got around the difficulty by having her husband, who was an electrical engineer, prepare her paper on wireless telegraphy.

Some members resigned rather than carry out their assignments. The girls wanted to find out all about everything and Mrs. Winter in her history lists a few of their quests for knowledge as including inventions, flowers, poetry, the pros and cons of women suffrage.

Mrs. Ella Westland, the early editor and publisher of the Upland News was the moving spirit of the group and was the first president.

There was a five cent fine for tardiness at meetings and absence from three meetings was cause for membership forfeiture!.

SERVED COMMUNITY

The club had made a firm place for itself in the community by providing a meeting place for the discussion of civic problems. As time went on and the members, in touch with other clubs through their affiliation in the federation, became more ambitious and decided to buy a lot and build their own quarters. The lot they purchased and paid for out of their rentals and other work projects proved to be too small for the plans of the building committee which was headed by Mrs. Paul Harwood.

The architect selected was B. Stanley Wilson of Riverside, who advised them to sell the lot and find another site. Thus the present location at 590 N. Second Ave. was selected.

The club's members had seen good and bad times since organization and it was a real triumph in 1926 when the clubhouse was dedicated.

Members give much credit to Mrs. R. C. Norton, who would say when members seemed indifferent, "we must pay off the debt". One of the means used to raise money was a cook book and when sales lagged Mrs. Norton is reported to have finished selling them herself.

Older members also remember a dinner that cost $10 a plate being well patronized by the husbands of Upland.

The building, lot and furnishings cost a total of $25,000. Some money was raised by the pledges of members. In order to raise as much money as possible members continued to do the work and by this time there was a greater demand than ever for the quarters.

Husbands began to complain about the time wives were giving, and that was the beginning of the present arrangement which sees the dinners in charge of Mrs. Effie Hood, with students of Chaffey and Upland college assisting her. But the members have never given up their down to earth attitude to the project. They still take turns working or pay for a substitute.

CALENDARS HELP

The cook book idea in a different form is still a club porject. Last year calendars were sold. Mrs. Orin E. Hatch, Jr., says that this year the club hopes to sell plates with a picture of the clubhouse on them.

When the Upland Woman's clubhouse was being built there were about 4,000 people in Upland and the annual dues for members were $1.00 a year. Today the club has more than 300 members and dues are $10, with an admission fee of $2.50.

Keeping it running smoothly is a major job and the 21 year record for this service is held by Mrs. J. F. Sawyer. She is the second member to be honored with life membership. The house chairman handles all rentals and reservations must be made through her. She is also responsible for the condition of the clubhouse and the replenishment of equipment and furnishings.

WIDE SERVICE

The club's many activities include a drama club and this year the stage is to have a new curtain and some other new equipment.

The club is incorporated under the laws of California. It has customs, rigidly adhered to, such as paying transportation of members on official business and sending the president to federation meetings at county, district and state levels.

The house rules ban drinking and dances after 12 midnight. The proud members won't allow renters to use adhesive or nails on the walls or woodwork. A repository for club records is kept locked but is open to members.

Community service is still foremost on the club's objectives. In October when meetings begin again the club will hold a meeting open to all other service club representatives to hear an expert on the subject, Mrs. Ada Schick Wing, state chairman of community service. Whatever community project the club decides to undertake will also be shared by other groups if they wish to participate Mrs. Hatch states.

The six 1903 members, still active after more than 50 years, are: Mesdames Flora Allen, F. H. Manker, T. W. Harris, T. M. Nichols, R. C. Norton and L. R. Bradley.

The number of U. S. people working on farms reached a peak in 1910 at 11,600,000, exclusive of summer seasonal labor, and has been declining ever since.

Tasty Food Enjoyed at Swimming Party

Chaffey District Young Republicans enjoyed barbecued wieners and watermelon at a swimming party at the Hofer ranch recently. Pictured in the foreground, left to right are Mrs. Robert Walline, George Yetter, Mrs. Thomas Peters, secretary; and Thomas Peters. Back row, left to right are Thomas Wallace, president, Morgan Hofer and Lea Pheison.

100 Enjoy Y.R.'s Swimming Party

Approximately 100 Chaffey District Young Republicans and their guests attended the swim party and wiener barbecue at the Hofer ranch in Ontario recently.

After an enjoyable time swimming and playing water games a tasty supper was enjoyed by firelight.

Co-chairmen of the affair were Mrs. Gerald Westphal and Wendell Close. Those assisting were Mrs. Morgan Hofer, at whose home the party was held and Mesdames Ray W. Ferguson, Clifford Downing, Donald DeVoe, Clark Green and Mr. Gerald Westphal.

Boardwalk Theme Creates Saturday Night Gaiety

Gay nineties acts were featured at the Saturday night 'boardwalk' dinner and dance at Red Hill Country club. Decorations suggested the famed Atlantic city promenade and beach and mobile decorations were created by hanging large and small beach umbrellas from the ceiling.

Dolls holding small umbrellas were used as table decorations, and a beach scene in the entry greeted guests on arrival.

Entertainment included a 'twinkle girl' act with Mesdames John Ross, E. Thomas Dugan, Eugene Howell and Eugene Clarke in gay nineties bathing costumes, escorted by Stanley Wheeler. This act included an old time shuffle step to the tune of "By the Sea". Mrs. Ross, accompanied by Mr. Ross, sang, "I'm the Guy Who Put the Salt in the Ocean".

Entertainment concluded with a community sing of oldtime songs.

Chairmen were Mr. and Mrs. Howell, asisted by Mr. and Mrs. Dugan, Mr. and Mrs. Ross, musical directors, Mr. and Mrs. W. B. Rundle and Mr. and Mrs. Bailey Jacobs.

Honor Miss Roberto At Crystal Shower

Miss Zelma Roberto, who is to be married August 13, was recently honored with a crystal and linen shower by Mrs. Max Blessent, 8801 Archibald Ave., Cucamonga and her daughter, Mrs. Richard Masek of La Habra at the Blesent home.

Games were played during the evening and refreshments featured a yellow and green decorated cake.

Guests included Mrs. Pasquale Roberto, the bride elect's mother; Mrs. Carl Bloom, mother of the groom-elect; Mesdames Nida Chandler, John Sera, Ray Orr, George Campos, Julio Danzo, Robert Govang, Richard Thomsen, Misses Jeannie Campos and Lynn Govang.

Claremont Service Unites Mr. and Mrs. Fred Orton

Frederick H. Orton, the son of Mr. and Mrs. Raymond F. Orton, 854 N. Euclid Ave., and Sylvia, the daughter of Mrs. Virginia Trevitt of Claremont were married Sunday afternoon at 2 o'clock in the chapel of the Webb school, at Claremont. White gladioli and white stock were used to decorate the church and the ceremony was performed by Bishop Remington.

The bride was gowned in white embroidered organdy with a floor length bouffant skirt and her white net veil was held in place with baby pearls. She carried a white orchid, stock and orange blossoms with her white Bible.

Miss Kathy Kaiser, the maid of honor and Miss Virginia Orton the bridesmaid were similarly dressed in white waltz length frocks of blue crystalette and heart shaped net hats trimmed with blue roses. Their bouquets were of white gladioli.

Paddy Stewart the junior bridesmaid wore white organdy over blue taffeta. Cynthia and Janice Peterson, the flower girls, wore blue organdy frocks with white pinnafores and they carried nosegays of white daisies and blue forget-me-nots.

Raymond List Orton was his brother's best man and the ushers were Charles Finchin and Richard Landers.

Refreshments were served buffet style from a long table which featured the wedding cake and a white floral arrangement, at the reception in the chapel patio, immediately following the ceremony.

The groom's mother chose ice blue satin in bouffant style and a blue feather heat. Mrs. Trevtt wore blue taffeta and a white hat. Both mothers, wore orchid corsages sent by Mrs. Orton's uncle, Douglas Wright of San Marino.

RECEIVES TREATMENT

Mr. Thomas G. Welch, 2410 N. Euclid Ave., has returned home after receiving treatment in San Antonio Community hospital.

Komer Dyal Speaks To Upland Kiwanis

Rev. William E. Thompson, vice president presided at Tuesday's meeting of the Upland Kiwanis club, in the Sycamore Inn.

Komer Dyal of the sheriff's office at San Bernardino spoke on juvenile delinquency. He was introduced by Dr. Kenneth Wilcox, program chairman.

George Brannan, president, was absent in Duarte officiating at the inauguration of a new Kiwanis club there.

Announcement was made that a board of directors' meeting will be at the home of John Burnison, 535 W. Fourth St., Ontario, Thursday, at 8 p.m.

St. Mark's Buys Euclid Property

Marking the second major expansion step in recent years, St. Mark's Episcopal church is today purchasing the duplex property at 648-650 N. Euclid Ave.

By this acquisition, the church will own more than one half of the frontage of the 600 block on the east side of Euclid Ave. Eventually, the church will be able to provide further church school facilities and a parking lot.

Purchase of the additional frontage was announced by the rector, Father Joseph A. Erickson, Jr., wardens and vestry of the church. No definite plans are being made at present for use of the property but it is being purchased for future expansion.

W. L. Toothaker is the seller. The duplex will be maintained as rental property until a long-range expansion program requires use of the property, it is announced.

Uplander At Gospel Crusade

The Rev. James Chalupnik, 965 Hillcrest Dr., was the guest of Evangelist Oral Roberts, last week, in Tulsa, Okla., when he attended the Oral Roberts World Outreach conference, purpose of which was to discuss ways of reaching the world today with the Gospel message.

The conference, attended by 18,000, decided to use radio, T. V., the printed page and revival campaigns and to increase the radio stations used from the present 223 to 1,000, and the 98 present T.V. outlets to 200.

The monthly magazine of the group, now going to 475,000 is to have its circulation increased to 1,000,000, he said.

In addition a world wide literature crusade is to be launched using cartoon-style books. In late July the first order for the first million copies was placed. An additional plan is to place half a million Bibles in Hebrew in the Jewish homes in Palestine. The first 25,000 printed in Hebrew is to be printed in London, England, according to the Uplander.

Rev. A. C. Burkholder Attends B.I.C. Board

The Rev. and Mrs. Alvin C. Burkholder and their son Charles Burkholder will vacation next week at Lake Arrowhead. The following week the Rev. Burkholder will go to Ohio where he will attend a board meeting of the Brethren in Christ church near Springfield.

During his absence his pastoral duties will be assumed by the Rev. Henry Brubaker, at the Brethren in Christ Church.

Community Rally At Alta Loma Church

The Alta Loma Community church will hold a mid-summer community rally, Sunday, at 7 p.m., when Robert Carlson will be the chairman.

The Singspiration will be in charge of Merle Brubaker and there will be crusaders' reports from each of the groups.

Ralph Platt, the Whistler, will provide music and verbal testimony.

Refreshments will be served by the Alta Loma Youth group.

Nazarene Church Sunday Schedule

The Rev. William E. Thompson, pastor of the First Church of the Nazarene, will speak at the morning worship service at 10:50 a.m. Sunday, and at the evening service at 7:30 p.m.

Sunday school classes for all ages commence at 9:45 a.m., with the junior church starting at 10:50.

Junior society, N.Y.P.S. and Class meetings are at 6:30 p.m.

Youth Groups Host Visitors

A group of seven volunteer counselors at Camp Paivika will be guests of the Brethren in Christ and First Mennonite churches this weekend.

The young people are members of the Voluntary Service unit sponsored by the Mennonite Central committee at Camp Paivika near Crestline which is operated by the Los Angeles County Society for Crippled Children.

On Saturday they will be taken on a picnic and visit to Knott's Berry Farm. Leaders of the two local youth groups are Pat Nisly, Alice Frey, and Dick Kroker of the Brethren in Christ church, and, Phyllis Collier, Jo Lynn Hirschler, and Byrna Mae Horsch of the First Mennonite church.

On Sunday the young people will be guests in the local churches and will tell of their work in special programs Sunday evening.

Presbyterians To Host Methodist Congregation

With the Rev. Trusten A. Hart, Presbyterian church minister back from a vacation, the combined congregations of the Presbyterian and Methodist churches will meet on Sunday in the Presbyterian church.

The services will be held in the Presbyterian church during August as part of the annual vacation program of union services on the part of the congregations.

The Rev. Mr. Hart's sermon topic will be "Life's Diagnosis".

Rev. and Mrs. Hart and family returned this week from Lake Tahoe, where they had been for a month.

Pastor Completes Series On Belief

The Rev. Alvin C. Burkholder, pastor of the Brethren in Christ church will speak on "What We Believe And Why We Believe It" at the Sunday morning worship service. This is the final in a series on which the pastor has spoken in recent weeks.

Pentecostal Church Opens on E. 9th

Rev. and Mrs. W. S. White have announced their establishment of the Pentecostal Holiness church at 1307 E. 9th St. where services will be held.

On Sundays, school will be at 9:45 and worship service at 11 a.m. Evangelistic services will be at 7:30 p.m. Sunday. Prayer meeting will be Tuesday night and a youth service will be held Thursday nights.

Church of Christ Corrects Report On Organization

Members of the Church of Christ at 8th St. and 3rd Ave., have requested The Upland News to publish another announcement relative to a news story last week concerning the appointment of a new minister. Names of two men were listed as lay leaders.

Following is the announcement prepared by the church members:

"We the members of the Church of Christ, 8th St. and 3rd Ave. request a correction of the article published in this paper July 28:

"The Church of Christ has no head, other than Christ.

"The Church of Christ gives no man the title of "Reverend" because this is not authorized by scripture.

"The two men mentioned as lay leaders do not hold that title. They are members only".

+ About People +

Mr. and Mrs. Leigh Thompson are back from Fremont, Utah, after an early summer fishing and vacation expedition. Annually, they go to Fremont. The Thompsons, long-time Uplanders, reside at 1447 N. Euclid Ave.

Mr. and Mrs. E. C. Heise are getting located in their recently completed residence at 2333 W. Orange Dr. They moved there from 648 N. Euclid Ave. The Uplanders have two sons in Ohio, who are doctors, one son in South Dakota, who is a music teacher and two sons in Upland.

Mr. and Mrs. Joe Latham and children have returned from a two weeks' vacation in the High Sierras, where they enjoyed camping and fishing. Mr. Latham is proprietor of Joe's TV service, E. 9th St.

Rusell L. Hazen, Ontario, is associated with the Ralph H. Miller realty firm. Mr. Hazen is the former owner of the Hazen Furniture company of Ontario. He is a past president of the Lions club and a member of the Elks lodge. Mr. Hazen was a real estate salesman before going into the furniture busines.

Jake Stern, an Upland college student, who has been spending his vacation with his family in Chambersburg, Pa., returned to Upland this week, accompanied by his mother, Mrs. Jacob Stern. Mrs. Stern who stayed a few days has returned home.

Mr. and Mrs. Francis H. Rogers, 565 N. Laurel Ave., have as their guests, their son and daughter-in-law and grandchildren, Mr. and Mrs. Donald Rogers, Christine and Douglas, of San Francisco. The visitors, who are on vacation, plan to visit San Diego before returning home.

Mr. and Mrs. Thomas Carnesi, 2205 S. Archibald Ave., have as their visitors her aunt and uncle, Mr. and Mrs. James L. Van Vechten of Lakeland, Fla. Recently they were honored by Mr. and Mrs. A. D. Wellborn at a Sycamore Inn dinner party.

Recent newcomers here are Mr. and Mrs. Floyd Winchell, who are living at 1189 W. 16th St. The Winchells are from Detroit, where Mr. Winchell was on the police force for many years. Mrs. Winchell was active in the dress industry there as a model and a buyer. Mr. Winchell is employed at the Lockheed plant in Ontario.

Mr. and Mrs. William Dalton, 8252 Placida court, are back from their recent vacation at Laguna beach. They were at the popular beach resort during only a portion of Mr. Dalton's absence from his duties at the Dier snoe store.

Mr. and Mrs. Richard Dickens, and their son, Scott, of Temple City, are spending part of their vacation with his parents, Mr. and Mrs. Lloyd M. Dickens, 550 N. First Ave.

Miss Arlene Kime, who is to marry George Gilbert of Henderson, Nev., Sunday, has been advised that she has been accepted as a school nurse in Henderson where she and her bridegroom will live. Miss Kime, who is a graduate of the good Samaritan hospital nursing school in Los Angeles, has been on the staff at San Antonio Community hospital.

Re-enlistments in the armed forces show a gain.

The United States cuts visa red tape to spur travel.

Public library access is lacking for 27,000,000 in U. S.

Mrs. Paul L. Fleming, Jr., is working in the city of Upland offices during the absence of Lauree Gavalya, who is ill. Mrs. Fleming is the daughter of Mr. and Mrs. Homer Greear. Also working in the city hall during the vacation period is Mrs. James R. Land, who is substitution for Mrs. M. E. Schubert, who is vacationing.

Dr. and Mrs. Thomas A. Gibson, 1480 N. Euclid Ave., are spending vacation at Corona Del Mar. Their daughter Diane, Patricia and Carol will accompany them.

The Misses Velma Owen, Carole Byer and Ardys Asper have returned from two weeks' vacation by car which took them north to San Francisco, Grants Pass, where they visited friends, Crater Lake and Lake Tahoe and home by way of the Sequoias. They spent a delightful holiday, stopping in motels, with no definite schedule or itinerary.

Mrs. John Shepperson, 2222 Euclid Ave., and a party of friends spent a few days last week visiting at Balboa Beach.

Mr. and Mrs. Tom McLellan are the parents of a daughter born July 28 in Pittsburgh, Pa., according to word received here by his parents, Mr. and Mrs. H. L. McLellan and her parents, Mr. and Mrs. Olaf Snyder. The little tot is the third child in the family, having a big brother, David, who is five, and a sister, Jeanne Carrol, who is 2 years of age. Mr. McLellan, a native Uplander, was recently employed by the Westinghouse Corp. at its atomic research laboratory in Pittsburg.

Mr. and Mrs. Frank McMakin are back from an unusual two week vacation trip. It was unusual for this was the first time in their 30 years of wedded life they traveled alone and the first time outside of their native California. On all their previous trips they had with them at least one of their daughters. Reno, Nevada was their first stop outside of California. After going north through central California, they went from Sacramento to Reno for a brief stay. They next visited her relatives in Susanville. On the trip they also visited relatives in Santa Cruz, Vallejo, Fresno and Bakersfield.

Judge Fred H. Jacobs of Upland Justice Court and Mrs. Jacobs, left Thursday morning for a three weeks' vacation which they will spend visiting their daughter in Minneapolis, Minn.

Mr. and Mrs. Harold Camilli, Harold and Vicky of 2415 Sierra Dr., have returned from a two weeks' vacation that will long be remembered by the children. They spent the first few days going to the San Diego zoo, Marineland and Disneyland. At Lake Arrowhead, where they spent ten days, they visited Santa's village. During the vacation they also enjoyed a picnic with the grandparents of the children, Mr. and Mrs. Alfred Alomi and Mr. and Mrs. Vincent Angellotti. Also in the party were Mr. and Mrs. Edward Freeman.

Mr. and Mrs. Eric G. Ketley, 609 Raymond St., who have been at Big Bear for the past six months, are now living in Palmdale where Mr. Ketley is employed in the radar division of the Northrup Aircraft Company. They have three children, Anna, Tina and Kendra. Their home in Upland has been leased by Mr. and Mrs. Ronald Anderson and two young sons, who are now living there. Mr. Anderson is an assistant in the city's engineering office.

Quarter Midget Races Sunday

The Upland Quarter Midgets will race at the Upland Memorial park Sunday on their regular racing day. At least 20 cars are expected in competition.

Following a board meeting arrangements have been made for installation of lights in the park for night racing. It is expected night racing will be underway during the latter part of this month.

CHAPARRAL POETS

The Silver Scribe Chaparral Poets will meet at the home of Lynn Hamilton Norcross, 1016 Hillcrest Dr., Pomona, Monday at 2 p.m. The poetry program will be followed by pot luck supper. Members are requested to bring table service and a contributed dish.

Mrs. H. S. Hoard, 2527 Prospect Dr., had as her recent house guest Miss Ella May Ottery of Santa Barbara.

Mr. and Mrs. Harry M. Wright, 635 E. Arrow Hwy., are back from a varied vacation, eight days being spent on Catalina Island and several days at San Bruno, where they were guests of his brother and sister-in-law, Mr. and Mrs. Leo Wright. Mr. Wright is the local Pacific Electric representative.

Mr. and Mrs. Junior F. Skinner and daughter Christie are now residing at 841 North 2nd Ave., having purchased the residence recently from Jack Litchfield. The family formerly resided in Ontario. Mr. Skinner is employed at the King Cole market.

Mr. and Mrs. Carlos Robinett, 255 N. 3rd Ave. entertained for a week Mr. and Mrs. George Smith and their daughter, Mrs. Ralph Rosseau of Port Alberni, B. C. Mrs. Rosseau is a former classmate of Mrs. Robinett, whom she has not seen in 22 years. They attended school in Vancouver, B. C. Other guests were Mrs. Robinett's mother, Mrs. T. K. Clarke and her son T. K. Clarke, Jr. of North Hollywood, and another brother J. Kenneth Clarke and his daughter of Beverly Hills.

H. Elmer Ellington Dies in Pomona

H. Elmer Ellington, 73, 360 N. Central Ave., who died July 26, in a Pomona hospital of a heart ailment, was buried Thursday. Rev. Fred F. Thornburg conducted the funeral service in the Richardson-Peterson chapel and entombment followed in Belleview mausoleum.

Mr. Ellington, who had received treatment for a heart condition for 10 years, lived here since 1935. He was born in Brownington, Mo., and lived in Deepwater, Mo. and Phoenix, Ariz. before moving to California. He was a former wholesale leather jobber.

Mrs. Ellington survives.

Million Dollar Market Planned

Construction of a super food market and shopping center by Sage's market on Central Ave. immediately south of Seventh St. is scheduled within the next two years.

Permission to change the zone to business was given by the San Bernardino county supervisors this week.

A $1,000,000 market building on the northwest corner of Central and 7th is planned, according to Urban M. Derkum. Sixteen acres have been purchased for the business development.

An analysis firm had been employed to select possible locations in the Sage expansion program and the Central Ave. site was one of those favored.

Unless the property is not developed within two years, the zone permission will be revoked, according to a policy adopted by the supervisors. Dan D. Mikesell, supervisor from this district, was the leader in the movement to place a two-year limit on zone changes. Called an "interim zone" permit, the policy was adopted as a means of removing the element of speculation from the business area development.

Bulganin advises the Russians to learn from the U. S.

Little League Season One Of Best Ever

In the most successful Little league seasons is nearing a close today.

Garwood Warders, president of the Upland Baseball commission, expressed appreciation for the cooperation of hundreds of Uplanders in making possible the many games and the participation in the leagues of many scores of youths. He paid special tribute to the interest and devotion of the teams' sponsors, managers and coaches.

Twenty-thirty club team cinched the American league title in a Monday night game, defeating the Upland Merchants 16 to 3.

Play has been virtually ended with wide interest being centered on the National league All-Star battle for the Pacific coast title.

Winner of the National league title was the Rotary club, a team that led most of the way during the season.

On the title-winning Rotary team were Frank Aleman, Roger Davis, Lewis Horstmeier, Lance Kaggie, Gary Love, Arturo Perez, Edward Ramirez, Paul Reading, Bill Ryan, Tommy Solters, Chris Turner, Michael Vizio, Kenny Walker and Joey Sabala.

Bob Neville was manager of this team and he is also the manager of the National league All-Stars.

Members of the 20-30 team are John Barr, Michael Brancacio, Jimmy Brooks, Billy Foyil, Marcie Guzman, Reed Hansen, Joel Kay, Joe Katwica, Keith Kumnick, Jimmy McCullum, Ronnie Stewart, Charles Wagner, Clive Warner and Villincino Winston.

Rev. Goering To Tell Of Conference

Rev. Paul Goering will preach on the topic, "They Beckoned to Their Partners" in the morning worship at 10:30. The sermon will be based on the work of the Pacific District conference held recently near Seattle, Wash.

In the service at 7:30 p.m. the program will be given by the volunteer counselors serving at the crippled children's camp near Crestline.

Rotarians Hear Of Wide Services To Communities

Rotary clubs in this area are giving much in service to the communities in which they are located and helping many people, District Governor Stuart A. Coulter told Upland Rotarians at their meeting in the Upland Woman's clubhouse yesterday. He is a citrus and avocado grower in Covina. His report was glowing with Rotary accomplishments and he presented the summary as an inspiration for the local club.

Detailed reports on the work of the local club were presented to Mr. Coulter at a board of directors meeting in the Sycamore Inn Tuesday night.

President Robert A. Thrall presided at the meeting.

William Rugg was given a 10-year attendance ribbon and John James received his first year's attendance ribbon.

Cape buffaloes are Africa's most deadly and vindictive animals, says the National Geographic Society. Wounded, they have been known to ambush hunters. Not content with killing their victims, they trample them with ax-sharp hoofs.

LAW IN ACTION

THE STATE BAR OF CALIFORNIA JULY 29, 1927

ARE YOU PROTECTED?

Some people — but not you — wait until their house burns or they go to a hospital before they ask their insurance man: "Does my policy cover all this?"

That depends — strictly upon what your policy says in black and white. As a rule the company does not have to pay for anything else.

Is this harsh? Well, the written contract is your best protection. That's why the law requires it. What earthly good would a spoken life insurance contract be? When it falls due, you won't be there to report the agent's promises. It must be in writing, or not at all.

So when you ask if your insurance contract covers, say, your hospital bills, just read it: It tells you.

Note, too, any section on "exceptions and exclusions." They tell you what things the contract does not cover.

What does your car insurance cover? For how much? If your policy does not cover you for all the damage you do in an accident, who pays for the rest? You do.

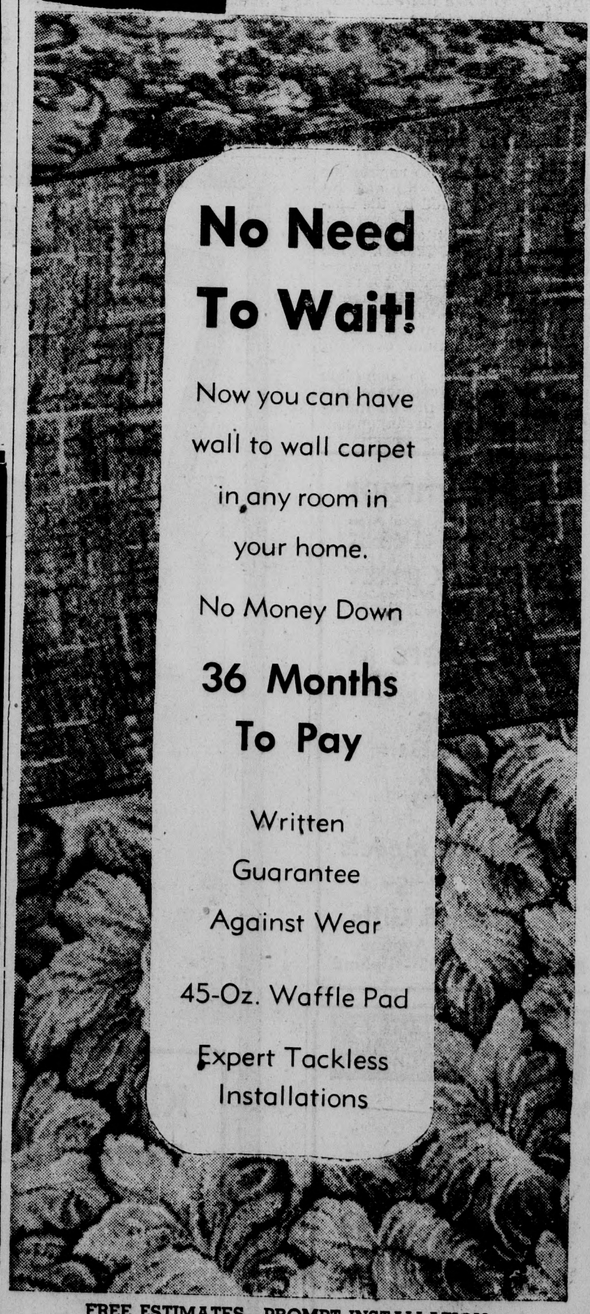

Did you know that most fire insurance contracts cover you for damage only up to the real value of your house, no matter for how much you insure it?

Today some houseowners face the opposite risk, under-insurance. Due to inflation, their houses may have gone up many times in value. But has their insurance coverage kept pace? No? Well then, should their houses burn, they can get only what their policy calls for; no matter how much more they lose.

So read your policies again. Say, tonight.

NOTE: The State Bar of California offers this column for your information so that you may know more about how to act under our laws.

Nisbet, Others In Sacramento For Tax Talks

Assemblyman Eugene G. Nisbet and other county officials, including Roland Tornquist, newly appointed county assessor, are today in Sacramento.

Many reasons why this county's assessed valuation should not be raised 50 per cent are being presented to the state board of equalization by the county delegation. Mr. Nisbet, former Upland mayor, and the others are prepared to argue that a flat increase would work to the disadvantage of private owners of property and to the advantage of the public utilities.

Mr. Tornquist was named to the assessor's post to fill the vacancy caused by the death of Max Cranmer, assessor. The county supervisors selected Mr. Tornquist from among a list of many applicants.

He has been secretary of the San Bernardino County Taxpayers asocsiation and is widely known to many people in the county.

Traffic Crashes Hospitalize 10

Weekend accidents were responsible for 10 people going to San Antonio Community hospital.

Bernabe L. Guerero, 25, Anaheim, charged with drunk driving after a three car crash at Euclid Ave. and Arrow Hwy. pleaded guilty and was fined $253. His operators' license was suspended.

Two persons were injured in the accident according to a report of Police Sgt. John McCarthy, a witness. Involved were cars driven by Melvin Armstrong, Los Angeles, formerly of Upland, and Raymond Robert Pesci, Whittier. Mr. Pesci and Vito N. Semannipa, Anaheim, Guerero's passenger were injured.

Mr. and Mrs. Harlan Bain Christensen and their daughter Peggy, of South Pasadena, received minor injuries. Mr. Christensen, driving on 19th St. started to make a left turn in the wrong lane on Ecudid Ave. according to investigating officers. Correcting his error too late he was struck by a car driven by Douglas Walton Henderson, Pasadena. Miss Bee Carson, Ontario, a passenger in Henderson's car was also injured.

Four U. S. Marines were in the hospital briefly before being transferred to the U. S. Naval hospital, Corona, after an accident in the Chino district when their car overturned. They were Pfc. Don Winkler, 19; Pfc. Jack Allen, 19; Pfc. Ben Hempbill, 20 and Pvt. Charles Summerhill. All four were from Camp Pendleton, San Diego.

Upand Home Choice Of Indiana Family

Mr. and Mrs. Richard Rine, newcomers from Gary, Ind., searched Southern California and decided that Upland was their choice for living and sending their daughter, Bonnie Mackensie to school. They have bought a home at 730 Ukiah Way.

Mr. Rine retired from the Gary fire department as a lieutenant. His hobby is flowers and he is delighted with future gardening prospects here.

They first came to this area two years ago to visit her sister, Mrs. Thomas Jones who is with the Suburban Gas company. When they returned they started their search for a place to live and decided it had to be Upland. They rented a home on E. Ninth St. until they found what they were looking for.

President Eisenhower recently stressed that the United States merely wanted "to live in peace with all the world, to trade with them, to commune with them, to learn their cultures as they may learn ours."

Nikita S. Khruschev, chief of the communist party in the Soviet Union, recently suggested that it might be wise to consider some Soviet farms as too unwieldy and to subdivide them.

MISS THRIFT—The United States Treasury Department's award of the title "MISS THRIFT OF 1955" goes to lovely Julie Adams, star of Universal-International Pictures' "The Private War of Major Benson," shown here receiving her Treasury Minute Man statuette and certificate of award from Howard D. Mills, Vice-chairman of the Southern California Savings Bond Advisory Commission.

Soroptimists Assist Youth

Mrs. Virgil C. Adams presided at the business session of the Soroptimist club luncheon at the Orange hotel, Tuesday.

Members voted to continue contributing to the milk fund for the Grove St. school. A second vote was to allocate funds for the International Relations Student Club at Chaffey college which asists foreign students.

Members of the club made a recent trip to Camp Conifer Girl Scout camp.

Lions Net $500 In Fish Fry

Five hundred dollars were netted by Upland Lions club at its fish fry in the Upland city park Friday night, according to a report yesterday by James Colgan, Lions leader in the annual benefit project. The proceeds will be used to help in the club's scout and welfare projects.

Assisting Mr. Colgan from the club were Dwight Bert and H. P. Hasty. James Haldeman, a former chef, contributed his services by coordinating the actual serving of the meal to the many hundreds of participants.

Members of the Mariners, girls' organization, helped in serving and these included Terry Perry, Nancy Nicholson, Martha Williamson, Donna Hirschmann, Barbara McNamee and Mrs. Luther Franks, skipper of the Mariners, and Mr. and Mrs. Mehl Hirschmann.

Lemonade was furnished through the courtesy of the Exchange Lemon Products Co.

Ninety percent of all New England's corporate communities are still governed by town meetings, says the National Geographic Society.

Paul Young Dies At Home

After an extended illness, Paul Young, passed away Wednesday morning at his home, 380 W. 25th St.

A former employe at Chaffey high school and college, Mr. Young had resided here many years and was known to many people throughout the district. Among his survivors are his widow, Maurine; two daughters, Emily and Mrs. Shirley Villarreal and a granddaughter.

Other survivors are two sisters, Mrs. Gail Dennis, San Francisco, who was here during a portion of his illness and Mrs. Frank McKee, Colorado; four brothers, Roe and Sam Young in Missouri; Homer Young, Colorado and John Young, Idaho. He was a member of the Upland Methodist church.

Funeral services will be in the J. B. Draper & Co. mortuary, Ontario, at 2:30 p.m. Friday with the Rev. Fred Thornburg officiating.

The family has requested that friends, who wish, may refrain from sending flowers to the funeral and instead contribute to the Iva Rhenstrom cancer fund through William E. Walk.

In World War I a huge mine field containing more than 70,000 mines was laid from the Orkney Islands of Great Britain to the coast of Norway by England and the United States in an effort to control submarines.

City Council To Have Routine Meeting Tonight

Upland city councilmen will act on routine matters in the city hall tonight.

If they accept the recommendation of the Upland city planning commission, approval will be given the Hallett Development Co. plan for creating residential lots on the property south of 13th St. west to San Antonio Ave. A large part of this tract is already developed into building sites and the current request extends the residential area to San Antonio.

Two ordinances are scheduled for adoption setting the new salary of the city clerk at $420 a month and the city treasurer at $91.35. These figures are in accordance with a recent 5 per cent pay increase for all employes.

In an address to the American Legion on Real Americanism, Calvin Coolidge said, "Whether one can trace his Americanism back to the Mayflower, or three years to the steerage, is not half so important as whether his Americanism of today is real and genuine. No matter by what various means we came here we are all now in the same boat."

The Federal Bureau of Investigation reported that more than 1,250 arrests had been made in the year ended June 30 on the basis of information supplied by confidential informants.

Long Bar Cafe Being Enlarged

Remodeling and enlarging of the Long Bar cafe to accommodate 100 patrons is under way today. An addition of 30 feet by 60 feet will be added on the west side of the structure and a modern kitchen is also to be included in the new facilities. The cafe is on the south side of Foothill Blvd., just west of the Martinez grocery store at Campus Ave. Earle Casler is the contractor.

On completion of the cafe expansion program, the Martinez service station will be discontinued at that location and the space now used by the station will be used for patrons' parking, according to an announcement.

U. S. farmers are raising more pigs this year.

Kansas is debt free for the first time in thirty-two years.

In one of the biggest cash deals in Hollywood history, Howard Hughes sold R.K.O. Studios and its asets to the General Tire and Rubber Co. for $25,000,000.

Leopoldville in the Belgian Congo, a city of 12,000 Europeans and 325,000 Africans, has grown from 40 Europeans and 20,000 Africans 40 years ago.

Servair Co. Is New Cucamonga Industry

Servair Co., is today a new industry in the Cucamonga area, being located at 8018 Archibald Ave. Roy Wilson, manager of the new firm, said activities at present will be devoted to cleaning and repairing dehydrator plugs.

This is a new business in the aircraft field in Southern California and its service will be followed with interest. Besides Mr. Wilson, partners in the business are Robert Goff and Joe Wilson. Women are being interviewed for employment.

Robbersons Move To Lincoln, Sell Home

Mr. and Mrs. Frank Robberson, 704 Redding Way, have sold their home to Mrs. Esther Kruse and her daughter, Mrs. Martha L. Moe, of Pomona. The Robersons are leaving Friday to make their home in Lincoln, near Sacramento because of the ill health of Mr. Roberson's father, the Rev. G. C. Robberson.

Mrs. Robberson has been active in the First Methodist church and was dean of the Vacation Bible school. She has also been an officer in the Mt. Baldy Parent-Teacher association. He was employed by M. K. Smith in Chino.

The Robbersons have two children, Bonnie and Tommy.

General Electric Remodeling Under Way

Work is progresing in the preliminary construction of an addition to the General Electric Co. plant in Ontario.

When completed, the construction program will give to this area modern housing for the world's largest and most modern flatiron plant. More than 100 residents of the Upland district are employed in the General Electric plant in Ontario.

Most of the remodeling program will consist of rebuilding and modernizing many of the present buildings. This will be done in rather a unique way by actually building a factory over a factory. The new buildings will be constructed in the form of a shell right over the existing structure, after which the roofing will be taken off the old structure and the utility lines and conveyor systems will be reinstalled. The old buildings will then be dismantled and the parts taken out from under the new building.

All the buildings being replaced are constructed of wood and are fairly old. A few of them were constructed nearly 50 years ago. These wood structures are being replaced with concrete and steel buildings which will greatly reduce the posibility of fire.

Upland All-Stars Play Friday In Crucial Tilt For World Series Title

Five More Wins To Place Local Team In Series

Five games away from being in the annual National Little League world championship at Williamsport, Pa., Upland's All Stars will meet Colton in San Bernardino at 5 p.m. Friday.

Five victories have been recorded by the Bob Neville managed team in its elimination series and close followers of the top-notch squad are expressing optimism over the eventual outcome. This contingent has gone further than any other local team in recent years.

Colton, one of the top contenders for the national crown last year, is likewise widely acclaimed and observers look to the winner of the Friday game as one of the best candidates in the west for the trip to the little world series. Friday's winner will play on Saturday the winner of the San Bernardino-Pasadena series.

Santa Monica will be the scene of the finals for the leading teams in the west. Games will be played Thursday, Friday and Saturday in picking the entry for the Williamsport series.

Three pitchers are in top form to lead the Upland All-Stars. Manager Neville will start either Tom Solters, David Heuston or Bill Ryan on the mound.

Other players on the squad are Paul Redding, James Ledesma, Larry Snow, Fernando Vasquez, Jack Carter, Kenneth Walker, Tom Chalberg, David Thompson, Mike Cyphers, Billy Burton and Gene Thienes.

Assisting Mr. Neville in managing is Coach Philip Jacoby.

Tennis Stars Lose In Big Kiwanis Event

Upland tennis players approached the quarter finals in the national Kiwanis club sponsored tennis match in Arcadia before being defeated.

Michael Woodward lost his match yesterday morning after having previously survived two days' of grueling singles matches. The other Uplanders lost earlier in their singles matches and had Woodward won he would have been in the top 16 finalists. Two hundred players from the nation began the tourney Monday.

Carl Skvarna and Gary Stiles are teamed up in the doubles matches and they had not been defeated up to Wednesday noon. Woodward and Allan McNeil are also paired for doubles. McNeil lost his singles match Monday.

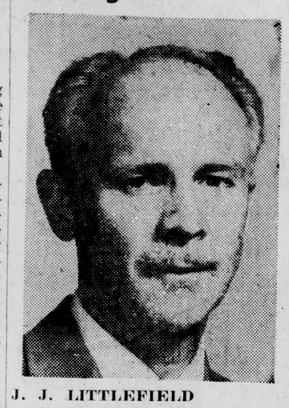

SUBSTITUTE JUDGES

Judge William Hutton of Cucamonga and Judge George D. Imhof of Ontario are serving in the Upland justice court during the absence of Judge Fred H. Jacobs, who is vacationing in the east.

The Atomic Energy Commission, under a directive from President Eisenhower, will increase from 100 to 200 kilograms the amount of fissionable uranium to be allocated to friendly nations.

The Hoover Commission reported that one of its task forces had cut enough red tape in just four months to save Government and business a total of $15,274,800 a year.

Garden Consultant To Speak At Meeting Here

J. J. LITTLEFIELD

The home of Mrs. Mary Gillingwators, 1083 N. Benson Ave., will be the setting for a meeting of the Riverside branch of the American Begonia society at 6:30 p.m. Aug. 10.

Members and all persons interested in shade gardening are invited to attend. The speaker will be Joe Littlefield, who will discuss "Summer In the Shade Garden". Mr. Littlefield is known to many gardeners for his work as a garden and landscape consultant.

Gillilands Back From Motor Tour Of Mexico

Mr. and Mrs. William Gilliland and children are back from an extended motor trip to Mexico city and other points on the southern republic.

In general, the highways and over-night facilities are very god for transcontinental travel, the Uplanders reported. They visited many cities and communities in their round trip and all members of the party enjoyed mingling with natives and in learning the Spanish language.

Mr. Gilliland is proprietor of Gilliland's Gardens, E. Foothill Blvd.

Upland Dodgers In 15th Win

Winning 15 games and losing none, the Dodgers, Upland minor league team ended its season with a 9 to 4 victory over a hand-picked Pomona minor league all-star team Saturday night.

"I want to thank parents of the players for their fine cooperation in permitting the boys to play and in helping hold the team together", said Tom Pittenger, manager, who has given much time to the team and the sport.

Three double plays and good hitting featured the Upland win on the Pomona diamond. Mike Jameson twirled the victory and his teammates gave him championship support.

Others who played were John Faulkenrath, Antonio Blatnick, Jamie Blatnick, Bobby Ford, Glenn Schmekel, Kelley Hughes, Bobby Chaffer, John Golden, Tom Pittenger and Craig McClean.

Victories during the season included wins over other local minor league teams as well as teams in Ontario and Pomona.

Fitted lines and fabulous fabrics mark fall fashions.

Heat? Some Keep Cool

Continued From Page One

"Oh! Dear!" said Mrs. William O. Thomas of 704 Tulare Way, when asked how she met the problem of being too warm.

"The children and I stay in till its cool. We have a wall around the place and the children go into their small swimming pool to cool off when they go into the garden. So Johnnie, Jimmie and Tommy have no hot weather problem!"

A gal who said, "If you really want to know — leave my name out of it . ." then offered these rules. "First, as few clothes as possible and nothing tight. Second, never, never wear two layers of nylon undies. . if nylon is worn it should be in combination with cotton or rayon!

"Nylon", she said, "Just burns me up. And I don't keep cool anyway!"

THINK OF OMAHA

When another terrificly hot day comes to Upland it might help people who suffer from the heat to talk with T. Victor MacRill, 206 E. D St.

"It may be a little hot in Upland but if this were like it is in Omaha, then people would really have something to complain about", Mr. MacRill said. "It is 104 degrees often there".

His local residence, however, is a two-story dwelling and he added: "I stay in the house and it is very pleasant there".

Ohio Burial For Mrs. I. Conn

Mrs. Idella M. Conn, 92, of 746 N. Laurel Ave., died in San Antonio Community hospital Tuesday, after a week's illness.

Mrs. Conn, who was born in Kingston Township, O., came to Upland six years ago to make her home with her son and daughter-in-law, Mr. and Mrs. Merrill Conn.

Also surviving are a daughter, Mrs. Jasper Meiser of Centerburg, O., and a number of grandchildren and great-grandchildren. Mrs. James Bowman, a granddaughter, lives in Upland, and a grandson, Charles Rowlen, lives in Los Angeles.

Mrs. Conn was a member of the First Methodist church.

A brief funeral service for the family was conducted at the Stone Funeral home Wednesday afternoon, after which the body was returned to Marengo, O. for interment. The Rev. Fred Thornburg conducted the Upland service.

Attends Cousin At Eastern Wedding

Miss Faith Musser, the daughter of Mr. and Mrs. Noah Musser, 1095 Baker Ave., who is spending the summer at Mt. Joy, Pa., was the maid of honor at the wedding of two Upland college students, Miss Ruth Musser and Louis Cober, at the Cross Roads church, Mt. Joy, on July 23. She and the bride are cousins.

Miss Musser plans to return home on August. 17.

The Madrid Court of Appeals, in a ruling expected to have far-reaching political and religious impact in Spain said that Roman Catholics may marry non-Catholics in civil ceremonies.

Whitney To Act On Rezoning Of W. Foothill

Continued From Page One

baker voted "Yes" with them on the roll call vote. Opposing the change were Mr. Maher, Mrs. Dorothy Gardner and Ralph Hunt.

All of which means the community looks to Mr. Whitney for the deciding vote. He resides on his citrus grove at the northwest corner of San Antonio Ave. and 16th St. He is a member of a prominent Los Angeles legal firm.

Owners of the land in question are Harold Stewart and Clifford Cochran. Arnold Anderson, president of the Ontario-Upland Realty board, is their representative and he presented arguments in favor of the zone change during the hearing Thursday night. No opposition was expressed by members of the audience.

No definite plans have been made for the business development, according to the proponents. If the zone is changed to permit business establishments, then the property can be developed for major business enterprizes, it was pointed out. Depth of the proposed business frontage is 400 feet.

Mr. Maher questioned the feasibility of zoning on a "speculative basis", expressing the belief the zone change should be made only after it was known what business might be established. Simon Eisner, planning consultant, quoted a recommendation from the U. S. chamber of commerce, questioning the value of new business projects being placed on highways.

Mrs. Gardner and Mr. Maher pointed out that business frontage on Foothill east of Euclid has not been developed and that "there is enough already zoned for business". Mr. Clark and Mr. Kistinger said depth of the lots on E. Foothill was not enough for major business developments.

They also argued for changing the W. Foothill zone now "if it is suitable for business" and not waiting until a specific business project is presented. Mr. Clark, who owns the Buick agency in Ontario, said he would have located his business on that site if the zone had been changed previously. "It takes too long and now it is impossible for me to wait on the change", he added.

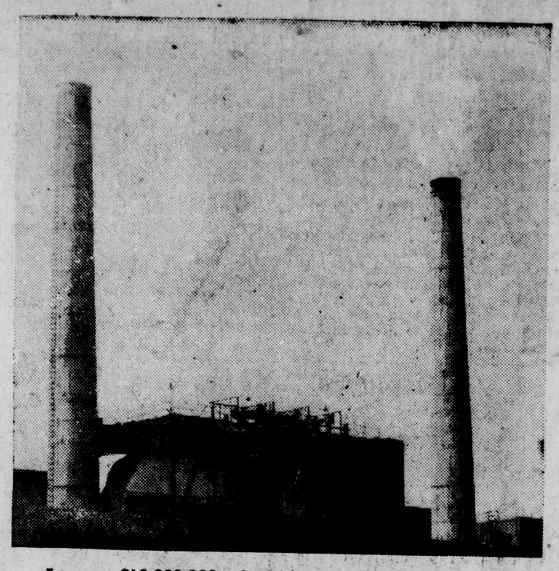

The Stuft Shirt Corp. was recently given a zone change to permit placing a deluxe restaurant at the northwest corner of Euclid and Foothill. The current application for the zone change includes all the frontage from the Stuft Shirt site west to San Antonio.

Exchange Chairman Named

G. B. Warders, president of the Upland Exchange club, announced committee appointments at a board meeting in his home Monday night. It was the first board meeting of his administration. Following are the new chairmen:

Elmer Redfield, bulletin editor; Robert Theall, membership; Alfred Price, attendance; Lloyd Butler, program; Walter Stewart, club aims and education; Ralph Colonna, fellowship; Harold Atchison, publicity; Mr. Warders, public affairs; Elmer Redfield, inter-club; Max Hawkins and Douglas Allen, house; Douglas Allen, finance; Fred Felsch and Lloyd Aansted, aviation; Robert Theall, citizenship; Robert Cameron, youth committee.

Smoke Is Eliminated

A new $12,000,000 plant for production of cement is planned by the Permanente Cement Co. on a site near Victorville. Picture of the proposed structure is shown above. The project will have an initial capacity of 2,000,000 barrels of cement annually. It is scheduled to begin production early in 1956. A 32-mile railroad will be built to connect the plant and quarry with the main rail line at a point near Hesparia.

Frank Goodbans Leave Upland; Move To Ontario

Mr. and Mrs. Frank K. Goodban are not living in Upland for the first time in many years.

They have sold their grove and residence at 361 E. 14th St. and are now residing at 605 Vesta St. They are long-time residents of Upland and have lived on their citrus property for most of their married life.

They have been active in the community and have been leaders in veterans' organizations.

New Study on Residential Lots

"Buffer Zones" May Be Required In Citrus Area

New study of the city's zoning program for residential development in the citrus district is scheduled today as the result of developments at the Upland city planning commission meeting Thursday night.

At present, the zoning program calls for residential lots of 10,000 square feet up to 16th street. On the north side of 16th St. and northward, the lots are to have 20,000 square feet as a minimum.

Robert A. Goodman of the Devon Realty Co., Cucamonga, submitted for consideration, a proposed subdivision for the south side of 16th St. This request brought suggestions of establishing a "buffer zone" along the south side of 16th St., wherein lots of about 15,000 square feet would be required.

Edward G. Novelle, who has developed a residential area on the south side of 13th St., had subdivision applications on file for additional residential lots on 15th street. Faced with the prospect of virtual solid residential development on the west side of Euclid Ave. up to 16th, the commissioners authorized Simon Eisner, planning consultant, to make a new study of lot sizes and street arrangement prior to the Aug. 25 meeting.

Also involved in the new study proposal, is a proposed subdivision presented by Frank K. Neilson for 42 houses on 10 acres between 15th and 16th St., immediately west of the Euclid frontage. This was on the porperty owned by Dwight Decker, V. A. Copeland and Mrs. Van Natta Gregg, according to Delbert Hensley and Earl Hawthorne, who represented the prospective developer. A new street plan affecting other Euclid property owners was suggested for this development.

When the current zoning ordinance was adopted, provision was made for zones in which there would be 10,000 and 20,000 square feet lots. At that time, no provision was made for the so-called buffer zones. The new study may bring about a more gradual "upgrading" of the residential lot requirements, it was pointed out.

Sharps and Flats

By "Chuck" Barlow

NEW ENTERPRISE

The new dog and cat hospital building on Grove Ave. is fast nearing completion. The date will soon be announced when Upland pet owners will have expert services for ailing "Tabby" and "Bowser".

This new enterprise should flourish. From all appearances Upland is well on its way to becoming the dog center of the Chaffey district. While all of Upland's dogs do not boast of sponsoring owners the big majority have a taxpayer supporting them.

Taking a dog or a cat to your home and bosom, is fraught with ever increasing expenses and responsibilities. Man has always been a sucker for pets and a sentimental slob so far as individual pets are concerned.

Libraries are crammed with animal stories and feature writers wax in their element, with newspaper stories from time to time, concerning the magnificent heights to which animal intelligence can soar.

The jury plea Senator Sylvester Vest made for a coon dog has gone down among classics of the pet world, and to the dog lover ranks with Abraham Lincoln's "Gettysburg Address".

But there isn't a dog lover extant who can tell you anything about the Senator other than he made this famous jury plea. His worth in the senate has never been divulged. The irony of the

Continued on Page Seven

Car Sales Here Setting Records

New and used cars are selling fast in Upland — the same as in most communities of the nation, according to the heads of the local car agencies.

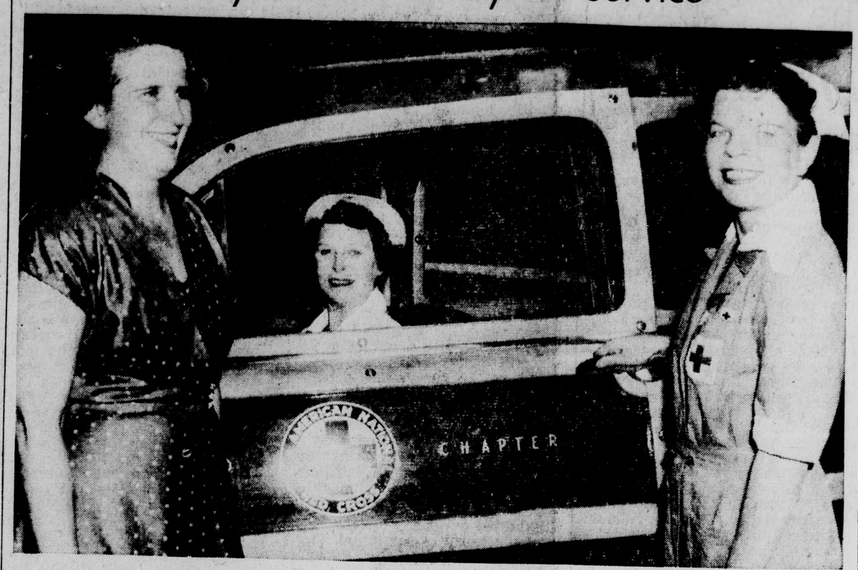

Owen Davis, partner with Alan A. Couch in the local Chevrolet agency, reported new car sales are the highest in the firm's long record and that the outlook is good for continued sales.

Jack Christensen of the Upland Motors also reported exceedingly high sales for cars, new as well as used. With Harry W. Wright, he owns the agency conducted for years by Ellery F. Wright. He said July was the best month in the sales ever recorded by a local Ford agency.

UNDERGOES OPERATION

Mrs. Aleso Vasquez, 24th St., Cucamonga, has returned home after spending six days in San Antonio Community hospital where she underwent a major operation.

Gray Ladies Ready for Service

READY FOR SERVICE—Gray ladies of the Upland chapter of the American Red Cross are busy in service to needy veterans and others. Behind the wheel of the station wagon is Mrs. Ralph Hunt. At the left is Mrs. Paul Kiszeli, chairman of the motor service committee of the Upland chapter, and Mrs. I. W. Robertson.

Local Red Cross Assists at Norco

Upland's contribution to the veterans' service program at the U. S. Naval hospital at Corona was decided at the meeting of the Desert Air Council at Balboa. The Upland chapter of the Red Cross was represented at the meeting by Mrs. J. W. Robertson, volunteer services chairman; Mrs. Thomas C. Ware, Gray Lady chairman; Mrs. Kendle Hill and Mrs. Eleanor Taylor, executive secretary.

Among other things Upland will assist in furnishing supplies for the craft program, including materials for artificial flowers and crochet cotton. Other chapters assisting are Ontario, Claremont and Upland.

The Upland Red Cross will also supply lemon concentrate for punch and gift wrappings for the veterans' handicraft made for their families and friends.

Upland Red Cross Gray Ladies go to the hospital every Thursday on a scheduled program. Mrs. Ralph Hunt teaches craft work. Mrs. Thomas Ware, in her capacity of personal service, writes their letters and shops for them as required. Mrs. Robertson entertains them, joins in games and supplies an escort service for the veterans who need assistance to get about the hospital during recreation periods.

Two From Here On Social Service Board

Will Mason of Upland and David Hernandez of Cucamonga are on the board of trustees of the San Bernardino County council of Community Services, the annual meeting having been held Friday.

The group represents welfare, health and recreation organizations throughout the county.

Call For Carpenters To Finish Circle B

Volunteers are being called for the Boy Scout Old Baldy Council. Officials have expressed appreciation of the work done on the Circle B. Scout Ranch house, making it possible to open on June 25 as scheduled, but they point out there are still a few more projects to be completed.

That is why 15 carpenters are being called for to work on the Mess hall, and shower house. Those interested should contact Guy Reid at the Pomona office of the council. Work party dates are August 19 through 21.

New Park Site To Be Sought

With $10,170 in the city's park and school site fund, city officials and Upland school board members are going to work together in locating a future park site west of Euclid Ave.

At least, the Upland city councilmen have authorized Mayor E. Tweed Stone, City Manager Richard G. Manley and Assistant City Manager Elwin Alder to confer with Upland board of education members.

While the legality of the city collecting park site funds is being questioned and while it may be many months before the issue is settled, steps will nevertheless be underway to find a suitable site.

Abner Haldeman is chairman of the city's recreation committee. He reported on a recent meeting of the recreation commission at which the park program was discussed.

The city obtains its funds for a new park site from the owner of each new lot developed. As part of the development costs, the council specifies that $30 per lot be placed in the special fund.

American soldiers all over the world would be better than enemy soldiers all over the U.S.A.

Rev. Thompson Is Treasurer In Church District

Rev. W. E. Thompson, pastor of the Church of the Nazarene, has assumed office as treasurer of the Southern District church of the Nazarene and also as treasurer of the department of church schools for the district.

In the area, which covers that part of California south of Los Angeles are 75 churches with a membership of 8,000 adults. In the church schools of the district are 15,000 people in attendance.

The Rev. Thompson has just returned from the district camp at Costa Mesa where there were between 40 and 50 adults. The camp closed Sunday.

Earlier this summer the district camp at Forest haven had an attendance of 432 boys and girls in the church's youth camp. The Rev. Thompson was this year's dean of the project.

Marion McLellan Back From Five Weeks In Hawaii

Miss Marion McLellan has returned home after a vacation of five weeks in the Hawaiian islands.

Accompanied by Barbara Lind, the Upland woman visited all the major scenic spots in the mid-Pacific retreat. She and Miss Lind are roommates while living in Ventura, where they are members of the elementary school staff.

Miss McLellan is the daughter of Mr. and Mrs. H. L. McLellan, 2445 Euclid Crescent West.

Juanita McMakin at Home After Three Years in Marines

Juanita McMakin, daughter of Mr. and Mrs. Frank McMakin, W. Foothill Blvd., is vacationing at home following her discharge from the woman's marine corps. She was a corporal in the motor transport division and had been stationed for two years in the Hawaiian islands before her recent discharge.

She had served a three-year enlistment. Her plans are uncertain.

HOME FROM HOSPITAL

Stephen G. Malacara, 8795 Vinmar Ave., Cucamonga has returned home after receiving treatment in San Antonio Community hospital.

Orange Demand Holds Steady

Demand for Southern California valencia oranges continued steady during the week ending July 30. Prices were slightly lower on large sizes but were well maintained on medium to small sizes. The price level was $4.25 a box.

Continued warm weather over most of the nation held demand for lemons at an active level this week but, pricewise, the situation showed little change. Sunkist lemon sales were up about 30 cars over those of last week, totaling around 585 cars, and average prices were about unchanged at $5.75 a box f.o.b.

Nothing GOES like a Chevrolet V8!

Drive with care . . . EVERYWHERE!

It's the new winner in stock car competition and it's winning new, young-minded friends faster than you can say America's hottest V8. *Because of its liveliness, its looks, and because it holds the road like it loves it—which it does.* Come try it, won't you, if only for the fun of it!

NOTHING (not even the high-priced cars) HAS GOT SO MUCH TO GO WITH!

The most up-to-date V8
That's Chevrolet's "Turbo-Fire V8!" So efficient that it needs only 4 quarts of oil instead of the usual 5. Shortest stroke of any V8 in the industry. Delivers more horsepower per pound than any engine in Chevrolet's field.

Two Sizzling 6's
The most powerful 6's in Chevrolet's field — with all the advantages of Chevrolet's long leadership in valve-in-head engine design.

Powerglide, Overdrive or Synchro-Mesh
A new and finer Synchro-Mesh transmission, or, as extra-cost options, oil-smooth Powerglide automatic transmission or Touch-Down Overdrive.

New engineering advances on steering and suspension
Special ball bearings in the steering gear roll with the turn of the wheel to reduce friction. Glide-Ride front suspension rolls the bumps smooth.

Communities to Get Water

Water . . . .

Alta Loma and Cucamonga are taking steps to get it.

It will require more than a million dollars to bring it to where it may be used.

Directors of the Cucamonga County Water district have called a special bond election for Aug. 30. No opposition against the proposal is in sight. Scarcity works wonders and water is getting very, very scarce throughout all of the district.

Citrus growers need more water. Few residents, however, are thinking of citrus when they lend their support to the million dollar proposal. They are thinking of the new water supply as a means of increasing the value of their land. With a good water supply, land can be subdivided more advantageously. So, almost everyone is for the proposal.

If approved, the bond issue will enable the water district to build distribution lines from the Metropolitan Water district aqueduct. Booster pumps and reservoirs will then enable the water to be delivered to the many hundreds of home owners who will locate on the residential lots of the future.

Of course, there will have to be industries and work for all of these people before there can be any sound local ecenomy. That is not the issue at the moment. The issue is water.

Water is going to be made available, apparently. We hope so.

Outside Sources Help Budgets

It is always noteworthy, when we think of local school costs, to consider the amount of money coming in to the school districts from other than taxes on local property.

For example, the Upland elementary school district requires an income for 1955-56 of $489,191 to meet all expenses. Of this amount, $354,880 comes from other than local taxes. Likewise, for all the elementary school districts in the Upland-Foothill area and the Chaffey high school and college districts, income from "outside" is a major factor in maintaining the local educational system.

The fact remains, all local taxpayers must pay heavily on their real estate and improvements. It helps to ease the burden, however, to realize that California's school program calls on other than local taxes for our educational needs.

A news story on page one in today's Upland News gives a more detailed account of our financial requirements and the share the "other sources" play in making the budget balance.

These other sources include money from the state sales tax and other state funds for the help of school districts with excessive student demands. Federal funds are also available in a slight degree for support of the cafeteria programs and for other phases of the school government.

A great responsibility rests on all school officials in administering of huge budgets for classrooms, and for top quality classroom instruction. In general, this responsibility is fulfilled nobly by school board members in this area.

'Turncoats' Deserve No Leniency

What happens to the three soldiers just back from Red China is naturally of real interest to many people.

Should the government be lenient to them or should the full force of the law be placed against them?

The trio have returned in an atmosphere of strong sentiment. All Americans are thrilled with their return and join their loved ones in rejoicing over their freedom.

One might ask, what have they done to deserve anything but a mild touch of the law?

Most of us are not familiar with the legal terms of military law or with infractions of those laws. On the face of it however, these three men are guilty of desertion, or of turning against their fellow soldiers and their country. While one always hates to think of a human being spending years in prison, we can see little difference between their acts and the acts of other weak men caught in a disgraceful and dishonorable situation.

The men joined the army as boys, according to some authoritites. They were among the social unfortunates who had not enjoyed the real privileges of the best in American life; therefore, they were not mentally equipped to meet the great hazards of deciding for themselves when faced with lifetime emergency.

Be that as it may, these men should be considered in the same category as most soldiers who get in trouble. If enforcement officers were required to consider the social background of each suspect, little would remain of our laws.

Something very vital can come out of this intense national interest in the plight of the three soldiers now in custody in San Francisco. More than ever national attention can be centered on removing conditions that enable boys to remain as boys, mentally and emotionally. In civilian life, the nation is faced with individuals, old in years, who are unable to cope with the heavy demands of modern society. So, they become delinquents and tenants of our prisons and penitentiaries.

If the three "turn coats" are given a mild sentence, then the same sentence should be in order for all others caught in the law who are mentally not equipped to decide great issues for themselves.

Money is not as important as most people think, but the fact that most people overestimate its value makes it highly useful.

No one will know the real results of talks between Ike and the top Soviet leaders until future moves shows the impression created by the men involved.

The only trouble about a backyard vacation is that you can't send postcards home to your friends.—Greensboro, (Ga.) Herald-Journal.

On The *Sidelines* in the city hall

It is a rare event when members of the Upland city planning commission are so evenly — and warmly divided as they were the other night when the question was discussed on the rezoning of West Foothill Blvd.

The three to three vote decided nothing but it did give a very, very strong indication that some people are thinking much differently now than a year ago.

Three of the commissioners not only voted for the change in zone from agricultural to highway commercial but also no interested persons were in the audience to express opposition to the proposed change.

A year ago the vote undoubtedly would have been 6 to 0 against the change in zone. A lot has happened since then.

After several hearings and considerable delay, the General Telephone Co. was given permission to locate its building on the south side of Foothill, west of Euclid Ave.

The Stuft Shirt Corp. application for a business site on the northwest corner of Euclid Ave. and Foothill caused much discussion late in 1954 and early in 1955. Finally, the permission was given for placing a deluxe restaurant at that location.

The current application for a business zone includes the area from the Stuft Shirt Corp. site west to San Antonio Ave.

This site, nearly half a mile of frontage with a depth of 400 feet, is controlled by Harold Stewart and Clifford Cochran.

What is the best use of land?

That is always a question in the minds of owners and public officials. There is a division of opinion among residents and among members of the commission.

William Kistinger, a member of the planning commission, who fluently argued for the zone change the other night, was supported by Jack Clark, in a contention that Foothill frontage is not desirable for residential use. Mr. Kistinger, a citrus grower, questioned the value of the land for agricultural use.

If the frontage is not good for these uses, then what?

Mr. Clark, the Buick dealer, emphasized that if the frontage is eventually going to be used for business purposes, the zone change should be made now.

"If that site had been previously zoned for business, I would have placed my car agency in Upland", he said. "As it is, the time it takes to get the zone changed, makes it impractical to relocate now".

Dan Maher, vice chairman, who presided, observed the zone change should not be on a speculative basis. Simon Eisner, planning consultant, who was impartial in his analysis of the situation, observed the U. S. chamber of commerce, has suggested a very close study of the problem before business is placed on boulevards.

What about confining business on Foothill to the east side of Euclid? Isn't there plenty of frontage already zoned for business that has not been developed?

To look at the boulevard, the average observer would say "Yes". That may not be the correct answer, however. Business today requires space for buildings and auto parking. Available space for depth of lots back of the frontage may be a major deterrent for use of the E. Foothill property.

Residential development along 16th St. is another problem for the city planners.

At present, the residential zoning program calls for 10,000 square foot lots on the south side of 16th and 20,000 square foot along the north side of the street.

The theory has been expressed that a "buffer zone" should prevail such as 15,000 square foot residential lots on the south side of 16th.

In any event, at least one subdivider who has prepared plans for a development on the south side of 16th St., is faced with a surprise delay. As they should, the city planners are going to give new study to the need and feasibility of changing the lot requirements to provide for a gradual transition from one size of lots to another.

It is an interesting and perplexing job of planning and preparing for the city's growth in an era of tremendous demands.

Time Passes

25 Years Ago

An Upland landmark, the Hungerford home on Euclid Ave., built 40 years previously, was to be torn down to make way for a new home. Mrs. Lilian Baxter, aunt of Beecher Hungerford, the owner, had purchased the lot and planned to build "a modern Mexican ranch home".

Beecher Hungerford was also in the news with his yacht Contender which was one of the entries in the sailing race to Hawaii. Many Upland people were also aboard. The craft had trouble in heavy seas and a storm, losing the race by 40 minutes.

Upland's Pioneer Pilgrimage committee was searching the state for the earliest California settler. Gene Nisbet was heading the committee.

A murder inquest revealed that alleged bootleggers killed the wrong man when they went gunning for Marco Rodriguez of Etiwanda. Rodriquez, when first shot at, went for help to neighbor Daniel De Cos and the gang, mistaking their target in darkness, shot him. Raiding of a still was believed to be involved and one theory was that Rodriguez had aided the police. The murderers escaped.

The county was to receive $72,000 as its share of state motor vehicle taxes which amounted to $8,810,220.74.

The county was to receive $742,431 from the state for support of elementary and high schools and junior colleges. The state was alloting over $27,000,000 for schools in the 58 counties. The balance of $130,000,000. was to come from taxes".

15 Years Ago

The City of Upland adopted a budget of $99,595. "The tax rate of $1.10 for each $100 is expected to be maintained", a page one story in The Upland News said.

Budgeted expenses for the year follow: general government, $13,000; police, $18,000; fire, $12,127; building inspection, $1,820; insurance, $1,230; sanitation, $4,450; health, $1,320; highways $21,010; charities, $320; library, $7,900; parks, $11,077; bonds, interest, $4,416; miscellaneous $2,890.

Tax revenue was anticipated at $64,016.

Norman S. Lawson was named to the San Bernardino county committee for Defense and Enlistment.

The Upland Elementary school budget was adopted for 1940 and 1941. Total amount was $83,238, the same as for the previous year. School board members who approved the budget were Frank K. Nichols, president; Howard Mason, Dr. E. L. Wenger and Superintendent Harold W. Cook.

The Cucamonga Grape festival was scheduled for Sept. 7 and Sept. 8.

Upland's share of the state gasoline tax money for the half year ending June 30, was $2,426.28.

Upland's official 1940 census showed an increase of 31.9 per cent over the population 10 years before.

Mrs. Emma Frey returned to Upland after spening 35 years in Rhodesia, Africa as a Brethren in Christ missionary. Mr. Frey had died in Africa.

This Life We Live

By James V. Latimer

KEEP GOING

An older brother of mine retired at 50. He could afford to do so, and thought he wanted to rest. He learned that from a physical point of view he could not afford to do so. He grew restless, nervous and very unhappy. His salvation came when he bought a place rather run down and rebuilt the house. The workmen about him gave him new life. When he sold that place he bought up another one. In that way he rebuilt a portion of his town there in Iowa. It was his salvation.

At a recent meeting of doctors in Atlantic City a noted physician told the gathering that the secret of a happy old age is to keep busy. He said that hobbies help but the mental attitude is the most important of all. This eminent doctor from New York University said, " . .People who retire too early or take things too easy, find themselves drifting into ill health. The physically active person has low weight, low blood pressure, regular pulse rate and no extreme tension . ." He said also that everyone should become engrossed in things — some interests to take up the time and thought. He believes that people who retire without special interests, hobbies or mental activity just decline and shrink up—just wither as a tree cut down.

Since I agree with that noted physician I say to my friends young or older, "Don't stop work; slow down if you must, but keep going". We should greet the sunrise with a cheer and the growing dusk with thanksgiving to God. He caused the sun to come again and sends it on to other countries and nations shrouded in darkness when we have the light. Just think what it would mean to us here if the sun came not tomorrow morning! We can also see beauty all about us. Note the thrill of the people who look upon an orange grove for the first time, while we think only of the work and its possible contribution in dollars and cents. We are wrong. Look at the flowering shrubs and trees all about us or the hedge rows of geraniums. Even the sweet alyssum give a bed of white. There is life, action and beauty all about us—not ugliness. Look for these things and be glad.

I read of an Atheist who decided to read the Bible through to see if he could learn why people believe in God. He learned. Then too, there was Judge Oliver Wendell Holmes found reading Plato in Greek when he was 94. When asked WHY, he replied that it was to keep his mind alive.

Keep going if you would live.

Prayer

By Ernest A. Dart

Through the long hours of the day
Through the darkness of the night
Prayer is the star that lights our path
Guides our footsteps in the right.

Through the hours of joy and gladness
Through the days of toil and care
Many problems can be solved
Through the medium of prayer

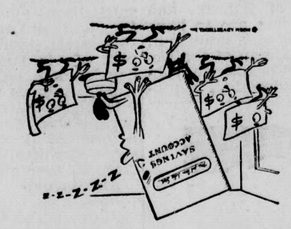

It need not be many words
But the heart's desire, sincere
With a conscious confidence
That the power of God is near.

We need only press the button
Of our faith and hope, and love
So give us instant contact
With the power house above.

More things have been accomplished
Than most folks are aware
By faith in the power of God
And communion by thoughtful prayer.

Much of the troubles in life,
Much of the world's dispair
Could be lessened or relieved
By a quick return to prayer.

AMERICA'S NEW RAILROAD

Santa Fe

Quarter-mile lengths of welded steel rail curve around a foothill like wire cable.

Not a "clickety-clack" in a carload

It's Santa Fe's new continuous welded rail...
Fewer joints mean a smoother ride for you

An occasional little click—that's all you'll hear of the old "clickety-clack" as you glide over stretches of new continuous welded rail on the Santa Fe.

And these stretches will be growing longer and more frequent on Santa Fe. For we're laying more all the time—103 miles of it this year.

In fact, we're using a new *electric* welding process (for the first time by an American railroad) to help bring Santa Fe's new smoother ride to more people, more goods.

But that's only part of the story.

Just as a railroad is no better than its track, track itself is no better than what's underneath it—the roadbed, the ties, the ballast. So we've been busy with new improvements here, too.

For instance, our own specially-devised ballast "dry cleaner." This unique machine cleans our ballast, keeps it more resilient so the track lies flat and even.

And today we're replacing old ties with longer and stronger new ones—specially treated to *stay* strong and sturdy for 30 years and more.

Day after day, something new is being done to make "America's New Railroad" even newer and better. Santa Fe is spending many millions of *earned* dollars every year for new roadway and new equipment. And not one penny comes from the taxes *you* pay.

SANTA FE SYSTEM LINES

What about expansion in these quarter-mile rails?

Near Newton, Kansas, where yearly temperatures vary from 20° below to 114° above, we laid a 5-mile experimental stretch of welded rail. Here we found that anchoring the rail to every other tie restricted expansion to the area between anchors. Thus, overall expansion was reduced to the merest fraction of an inch between rail ends. In other words, expansion is no problem whatsoever.

Link Circle Sews Gowns For Home

Members of the Silver Link Rebekah Circle, under the leadership of Mrs. E. J. Head, president of the circle and Mrs. Charles Deverts, noble grand of the lodge, went beyond Upland this year for their community service project.

Knowing that many Upland children are cared for and rehabilitated after accidents and crippling illnesses they decided to devote one day a month to Casa Colina Home for Crippled children.

At least four members of the circle form the working party that takes over in the home sewing room to mend clothing, sew on buttons and do the other necessary mending for the home which cares for 50 or more children.

The Circle's other work for the home includes working for the bazaar the home will hold in October. Already they have made many aprons and will make many more before the event.

During July and August they brought home plisse print gowns which they are making in their homes. A recent sewing "Bee" was held at the home of Mrs. E. J. Head, 895 N. Eighth Ave. when buttonholes and buttons were added to finished gowns.

"We feel it is important work", Mrs. Head said. "None of us has children and these children need the help we are able to give them.".

Friends Shower Mrs. Dick Hill

Miss June Staton and Miss Mryna Martin entertained at a post-nuptial shower for Mrs. Dick Hill, at the home of Mr. and Mrs. Chas. F. Benninghoff, Jr., 905 N. First Ave., Thursday evening.

The honoree received many lovely miscellaneous gifts and a social evening was spent playing games. The hostesses served refreshments.

Other guests were the Misses Beverly Staton, Sandy Hill, Linda Hill, Mary Stowell, Mary Baker and Mrs. Billy Stewart.

Mrs. Hill is the former Patricia Wilhelm. Her husband, who is the son of Mr. and Mrs. R. K. Hill, 9460 La Grande, Alta Loma, has returned to Japan where he is with the U. S. Marines.

Theoretically it would be possible for one person to enter 6,000 different items in the 28th annual Los Angeles County fair in Pomona, Sept. 16 through Oct. 2 in the competitions for cash and trophy awards. The surprising fact is revealed in the annual premium catalog now being mailed to 12,500 prospective exhibitors throughout the nation. The 6000 different classes set a record for number and variety. The services of 200 judges are required to pick the winners.

Pretty Gowns Made By Rebekahs for Home

Mrs. E. J. Head, Mrs. Lee Bigley and Mrs. Charles Deverts working on the pretty plisse print gowns the Silver Link Rebekah Circle sewing group is making for the children at Casa Colina Home for Crippled Children. Members of the circle give one day a month to sewing and mending for the home which has cared for many Upland children.

Quickening Interest In Reading By Youngsters

The five youths to complete the assigned 15 book reading program in the Reading club at the Upland library are, Mike Thoma, Donna Jean Jackson, Donna Underwood, Dick Thoma and Ann Morrison.

Seventy-six members are in the club. The five boys and girls did not stop reading. Since finishing Mike Thoma has read 10 more, Donna Underwood has finished an additional 13 and Dick Thoma, has read seven more books.

Mrs. Althea Correll, children's librarian is enthusiastic about this year's interest of mothers in their children's reading habits.

"I think Rudolf Franz Flesch's book about reading has done it", she said. "Last year we had many more demands for the readers children use in school. The influence of their mothers seems to have diverted young readers from the limited vocabularies of these school books".

She pointed out the diversified reading of one third grade girl who is reading books at a sixth grade level and enjoying them.

This year, boys are reading about adventure and Indians and girls are going in for fairytales, Mrs. Correll said.

She explained that books are arranged in the children's section of the public library for progressive reading and children may advance to more mature books as their interests lead them on.

NEW ASSISTANT PASTOR

The Rev. Joseph Jamula has taken up his duties as assistant pastor of St. Joseph's Catholic church. He came to Upland from New York.

Cosmic rays create radioactive carbon dioxide in the air which is absorbed by all living things and makes possible the dating of the death of any living material which died less than 45,000 years ago through measurements of the disintegration.

Bank Staff Gift For Friday Bride

Members of the staff of the Upland First National Bank honored the former Miss Lorraine Shockley, prior to her marriage Friday, to Harold Waddington of Orange.

The presentation of an electric roto broiler was made to the bride-to-be, on behalf of staff members and officers, by James J. Marr.

HAVE A $1.00 TRIAL LESSON

Two Presbyterian Groups Learn Church Attitude

The Upland Presbyterian Women's Association of Group Three varied their routine at last week's meeting with coffee being served prior to the business meeting and program.

Mrs. William Rugg, 2430 Mountain Dr. was the hostess with Mrs. Milton Huxtable and Mrs. Lillian Manning co-hostesses.

Mrs. Clifford Beekman, chairman, opened the program with a brief devotional thought for the day and was followed by Mrs. Everett W. Henry's reading of a sermon, "Praying Is A Dangerous Business", from "The Man Called Peter", by Catherine Marshall.

Mrs. Claude Owen, program chairman, presented the final chapter of the study, "Christian Woman and Her Household", taking as her subject the Christian woman and her economic responsibilities, and using three every day problems as examples of adjustments to be made in social life and church activities.

Thirty Members of Group four were at the luncheon in the home of Mrs. E. L. Wickstrom, 117 W. Arrow Hwy. when Mrs. Lovon Phillips acted as chairman. Other hostesses were Mesdames Merrill Moreman, Floyd Maple and Lowell Donnell.

Miss Claudia Owen delighted the group with two selections on the piano, "For Elise", by Beethoven and "Sailor Song", by Grieg.

Mrs. Vaughan Dunlap opened the afternoon meeting with a discussion of the Christian woman's economic responsibilities as evidenced in three typical situations.

Both groups concluded their meetings with general discussion periods centered around Christian issues and presenting the attitudes of the Presbyterian church, as established at the General Assembly in Los Angeles. Specific questions were: World affairs, United Nations, armament reduction, aid to other countries, military conscription, as well as international educational exchange, racial and cultural relations.

Group Two has announced a foodless food sale, which Mrs. Beekman urged members to support. Neither group will hold August meetings.

Four Baptist clergymen from the United States have accepted an invitation to visit the Soviet Union in August.

Busy Summer For Mary Brainard Tent

The sewing circle of Mary Brainard Tent Daughters of Union Veterans will hold an all day sewing meeting tomorrow, at the home of Mrs. George L. Johnson, 1192 E. Ninth St., to tie comforters and quilt a child's size quilt. Each member is asked to take a sack lunch.

The regular all day sewing meeting will be held Aug. 24, in the Upland Memorial Park, when there will be a potluck luncheon.

Present at a recent sewing meeting at the home of Mr. and Mrs. T. C. Dailey, when members worked on tea towels, were Mesdames Henry Greenawalt, Henry Stauffer, George L. Johnson, Viola Lewis, Leona Smith, Ida Stevens, Sadie Fields.

Clara Tilden, Mr. and Mrs. T. C. Dailey, Mr. and Mrs. Leslie Strawn and Miss Elizabeth Griggs.

Delegates to the Southern Federation D. U. V. at Long Beach last week were Mesdames T. D. Maxwell, Harold Nicholson, Ida Stevens and Bertha George.

Advertising may not solve the business man's problems but it will solve the shoppers problem.

Welch Family Housewarming Real Surprise

Mr. and Mrs. James F. Welch, 956 N. Fifth Ave. were surprised with a housewarming recently. They have been in their new home about a month.

Arranging the affair were Mrs. Welch's sister, Mrs. Tommy Tucker of Culver City, her sister-in-law, Mrs. Fred Moore of Temple City and the office staff of J. Doug Robertson, realtor, where Mrs. Welch is employed.

Guests included Messrs and Mesdames Albert Schmidt, John Bice, Max Hawkins, Earl Emmons, C. B. Booth and Mrs. Anne Moore, Mrs. Welch's mother; Fred Moore and Tommy Tucker.

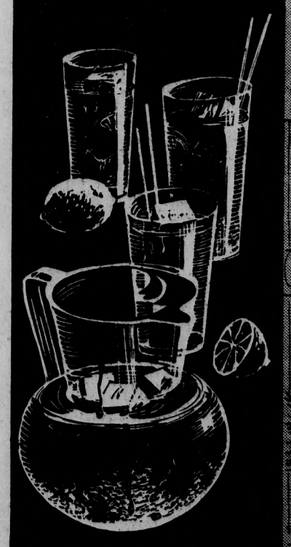

Arriving an hour before the party were members of a group from Corning, New York, including Mrs. Welch's brother and sister-in-law and family, Mr. and Mrs. Edward Moore, Miss Dorothy Moore and Donald Moore. Accompanying them were Miss Mildred Vauss and Miss Florence Gauss.

"Upper" Freeway Contract is Let

Preliminary to the construction of an "Upper Freeway", Highland Ave. will be widened to 64 feet between San Bernardino city limits and a point north of Rialto in a current construction contract just approved by the state division of highways.

Another contract, later in the season, will be awarded for further widening of Highland between Alta Loma and Rialto. Another construction project will take the route from Alta Loma west to Euclid Ave.

Clyde V. Kane, district engineer, announced contracts for the first phase of the widened artery at a cost of $244,315.

Red Cross Will Transport Pupils

Mrs. Eleanor Taylor, executive secretary of the Upland Chapter Red Cross states that transportation is available for students of the new school for retarded children in Ontario if parents have no means of getting children to the school.

Parents who are interested should contact Mrs. Taylor at YU 31-6173.

Three Upland Women in Queen Title Contest

Three Upland women are among the 16 queen candidates for the Ontario Community fair to be held later this month at the John Galvin park.

Candidates from here are Mrs. Harold W. Griggs, 731 W. 8th St.; Miss Dorothy Reed, 791 N. 1st Ave. and Miss Susan Ford, 793 N. Euclid Ave.

Various civic organizations are sponsoring candidates and the local candidates have as sponsores; Mrs. Griggs, Upland 20-30 club; Miss Reed, Ontario Optimists club and Miss Ford, Ontario American Legion and Auxiliary.

Winners will be determined on the basis of the number of tickets sold in their behalf to the community fair. Associated Merchants, Inc., of Ontario, is the sponsoring organization with Forde Seward, manager, in general charge. The Upland 20-30 club is the only local organization with a candidate.

Other queen candidates are Betty O'Bryant, Donna Stallcup, Doris Vickers, Janet Hall, Janice Ginger, Joan Sirois, Nancy Jo Conner, Pat Wheatley, Suzanne Hartley and Terry Perry. Ontario; Beverly Seabold, Carol Roque and Chris Pipitone, Pomona.

RECEIVES TREATMENT

Floyd E. Shaier, 711 Washington Blvd. has returned home after being treated at San Antonio Community hospital for eight days.

Cucamongans, Alta Lomans Look to Aug. 30 Election

Million Dollar Bond Issue For Water Favored

If $1,200,000 is voted Aug. 30, residents of Alta Loma, Cucamonga and the western side of Etiwanda are going to get the use of Colorado river water at an early date.

At least, that is the indication today as preparations are being made for an election on a bond issue. Voters will be given an opportunity to decide officially on the expenditure of funds for installation of a distribution lines. The lines will carry water from the Metropolitan Water District aqueduct to properties in the foothill communities.

With approval of the bond issue, engineers will begin work in actually constructing the vast network of pipes to carry the water to all portions of the water district. A master plan has been prepared and an estimate made as to the cost of the project. The plan is based on the assumption most of the area will be residential and not agricultural. Construction of several pumping stations and reservoirs at various levels in extending the system northward are planned.

A public hearing on the proposal was held at a meeting of the board of directors of the Cucamonga County Water district last week. All spokesmen were in favor of the bond issue.

The Cucamonga district is a member of the Chino Basin Municipal Water district through which Colorado river water will be obtained.

Young Fisher On Hawaiian Duty

Ronald D. Fisher, 17, the son of Mr. and Mrs. Charles E. Fisher, 375 W. Arrow Hwy. who is a yeoman seaman in the U. S. Navy has had an eventful time since he arrived at Barber's point, T. H. about a month ago.

He has made one quick trip to Japan in the line of duty and writes his mother that he is glad he took Hawaii as his station when he was given a choice between that territory and Japan. He found the band work in Japan most interesting but the country dirty, by Upland standards.

Before leaving for Hawaii he spent a month on leave with his parents and previously had trained for his yeomanship in San Diego. He attended Chaffey High school.

Divert Cars From Euclid, Suggestion

Motorists going through Upland should be diverted away from Euclid Ave. by the placing of directional signs pointing to entrances to the freeway at other arteries.

At least, that is the view of Stuart Campbell, Upland, who in a letter to the Upland city councilmen suggested directional signs be placed on Foothill Blvd. at Euclid pointing to Mountain and Central Aves.

Purpose of the directional signs would be to urge motorists to enter the freeway at some artery other than Euclid.

The meek may inherit the earth, but in the meantime, someone has got to keep it running.

Poultrymen In Picnic Tonight

It is picnic time for members of the Alta Loma Heights Farm Bureau Poultry center. A potluck picnic dinner will be served in the Upland park at 6:30 p.m. today. The gathering will be at the west side of the Atwood memorial kitchen.

Stewart Fleming, chairman, and Mrs. Mildred L. Henry, secretary, invited all poultrymen of the district to attend.

Water Problem In Alta Loma Given Study

Eugene M. Billings was re-elected president of the Alta Loma Domestic Water Co. at a meeting of shareholders in Alta Loma Fire hall recently.

The present critical situation of the water supply was stressed by Mr. Billings in his report. He explained that in case of necessity one hook-up with the Iomosa Water Co. in the N. Hellman Ave. area has been arranged for and the officers are trying to effect similar hook-ups with other companies. So far no curtailment is necessary, he told the meeting, and he said that everything possible is being done to insure sufficient water.

During the year, 1500 feet of new eight and 10 inch mains have been installed, greatly improving the system and bringing better fire protection.

Recently the board of fire underwriters inspected the area and reported on the improved facilities for fire fighting. Mr. Billings said he was hopeful this would lead to reduced fire insurance rates in the area.

Other officers elected at the meeting were Arthur Relph, vice-president; and board members Galer Royer, George Fies, W. H. Clayton, Woodrow W. Wiles and John R. Schmutz.

Board members recommended to shareholders that the company join the Metropolitan Water area. In this connection hearings affecting the Cucamonga and Alta Loma districts began this week.

Camera Club Is Being Formed

Aug. 16 is the date for the next meeting of the newly organized Camera club. The meeting will be at the Upland city park, according to Don Bigley, one of the leaders in the group. Two meetings a month are planned to enable study and competition among camera fans. Four classifications will be created among the members. These will include beginner, amateur, advanced amateur and salon. Members may choose their own classification.

No dues will be charged but small entry fees will be placed on all subjects entered in competition. All persons interested in learning more about photography are invited to join. Present at the first meeting of the group were Mr. and Mrs. Bigley, Alta Loma; Mr. and Mrs. Robert Joines and James Ruud, Upland and George Patrick, Ontario.

Business Licenses Here Are Past Due

Business licenses in Upland are past due.

Judge Mildred R. Puckett, license collector, said that licenses were due in July and that those unpaid are delinquent. The same is also true for dog licenses, she said.

While the city is privileged to collect a penalty, Judge Puckett said her department seeks to be lenient in such cases.

45 Per Cent Of Concrete Work At Dam Finished

Placing of concrete in construction of the San Antonio dam in the adjacent canyon is about 45 per cent completed, according to a report yesterday from the U. S. army engineering corps.

Height of the dam is to be raised about 35 feet higher on the eastern side and about 50 feet on the west side of the rock-fill structure across the canyon, it was reported. Most of the concrete work will be placed at the spillway, located on the western edge of the structure.

Top of the dam will be at the 2260-foot elevation.

Grape Outlook At 90 Per Cent

One of the best grape crops in many years is the forecast today from Harold A. Crane, county agricultural commissioner.

"Inspectors from our grape growing districts said a month ago they had to lower their estimates due to adverse weather conditions at that time", Mr. Crane reported and then added: "The crop as a whole looks better this month and their present report is for nearly a 90 per cent crop of grapes".

In the county are 27,818 acres of grapes, most of which is in the Cucamonga, Guasti and Etiwanda district.

Notice is hereby given that the Board of Trustees of the Upland School District of San Bernardino County, hereinafter referred to as the "Owner", will receive up to, but not later than 7:30 o'clock P.M., of the 12th day of August 1955, sealed bids for the award of contract for the Electrical Rehabilitation of the Main Building, Upland Junior High School located at 444 East Eleventh Street, Upland, San Bernardino County, California.

Such bids will be received in the office of the Owner, 444 East Eleventh Street, Upland, California, and will be opened and publicly read aloud at the above stated time in the said office of the Owner.

Each bid must conform and be responsive to this invitation, the plans, specifications, and all other documents comprising the pertinent contract documents. Copies of the Contract Documents are now on file and open to public inspection in the said offices of the Owner and of Hilburg, Hengstler and Turpin, Engineers, located at 257 South Spring Street Los Angeles, California, and may be obtained at the latter by depositing $10.00 for each set. This deposit will be refunded if the set, or sets of Contract Documents delivered are returned in good condition within five days after the bid opening.

Each bid shall be made out on a form to be obtained at the office of Hilburg, Hengstler and Turpin, 257 South Spring Street, Los Angeles 12, California.

Each bid shall be accompanied by a certified or cashier's check payable to the Owner, or satisfactory Bid Bond in favor of the Owner, executed by the bidder as Principal and a satisfactory surety company as surety, in an amount not less than five per cent of the bid. The check or bid bond shall be given as a guarantee that the bidder will execute the Contract if it be awarded to him in conformity with the Contract Documents and will provide the surety bond or bonds as specified therein within five days after notification of the award of the contract to the bidder.

The Owner reserves the privilege of rejecting any and all bids or to waive any irregularities or informalities in any bid or in the bidding.

Pursuant to the Labor Code of the State of California, the said Owner has ascertained the general prevailing rate of per diem wages for each craft or type of workman needed to execute the contracts which will be awarded the successful bidders; and those prevailing rates are contained in said specifications adopted by the Owner, and are as follows:

CLASSIFICATIONS:

FOREMEN: All foremen not herein separately classified, shall be paid not less than 17½ cents per hour as to the SIX BASIC TRADES, and 12½ cents per hour as to the SUB-TRADES, more than the journey-man rate for the craft involved.

APPRENTICES: May be employed in conformity with Section 1777.5 of the California Labor Code.

TRADE or OCCUPATION	San Bernardino Co. Hourly Wage Rate
Electrician	$ 3.25
Carpenter	2.86
Painter, Brush	2.80*
Laborer, General or Construction	2.16
Painter, Spray Gun	3.05*
Plasterer	3.6325
Plaster Tender	3.4325

*Plus Health and Welfare, etc.

Except as noted in the wage schedule, the rates of per diem wages for each of the various classifications of work shall be the hereinbefore set forth prevailing rates of hourly wages multiplied by eight (8). Eight (8) hours shall constitute a day's work; it being understood that in the event that workmen are employed less than eight (8) hours per day, the per diem wages shall be deemed to be that fraction of the per diem wages herein established that the number of hours of employment bears to eight (8) hours.

Overtime shall be paid at the rate of overtime of the craft involved for work performed in excess of the regular day's or week's work, or on Saturdays, Sundays and holidays.

Holidays as herein referred to shall be deemed to be New Year's Day, Decoration Day, Independence Day, Labor Day, Veteran's Day, Thanksgiving Day and Christmas. If any of the above holidays fall on Sunday, the Monday following shall be considered a legal holiday.

It shall be mandatory upon the Contractor to whom a contract is awarded, and upon all subcontractors under him, to pay not less than said general prevailing rates of per diem wages to all workmen employed in the execution of the contract.

No bidder may withdraw his bid for a period of ten (10) days after the date set for the opening of bids.

Signed, Upland School District of San Bernardino County.

By, J. E. Skewis, M. D. Clerk Board of Trustees, Upland School District.

Picture Taking Hobby Explained For Lions

Robert Frampton has turned a hobby into a profitable business and he showed some of the results of his efforts at the meeting of the Upland Lions club in the Upland Woman's clubhouse at noon Thursday.

He is a photographer and has given special attention to aerial views, he reported and explained that he had to alter or build special camera equipment to meet the requirements of going up in small planes. One picture he took of the recent All States picnic appeared in Life magazine for which he received $75, he said.

Getting pictures of plants or of small animals require ingenuity, patience and special equipment, he said. In one case he built some camera equipment rather than invest in a new expensive appliance. The special handiwork cost him only a few dollars, he said, and "then I wrote an article for Popular Mechanics telling how I did it and got $100".

The speaker was introduced by Dr. Earl L. Wenger, program chairman. Harold Musser, president, presided.

Huge Egg Contains Second Egg As Product of Pullet

A five month old pullet produced a freak egg for Mrs. Frank McMakin, W. Foothill Blvd. the other day.

The size of a big turkey egg, the shell contained two eggs. With the outer shell being broken in a regular breakfast-getting routine, Mrs. McMakin found another well-formed egg. The shell of the second egg had not crystalized but it remained intact while the white and yolk of the outer egg spilled into the frying pan.

The "mother" of the egg is a cross between the Cornish and Rhode Island red breeds.

O.E.S. Past Matrons Mrs. Lamb's Guests

Mr. and Mrs. Sam Lamb, 402 N. Eighth Ave. entertained the Eastern Star Upland Past matrons and past patrons and their husbands and wives, respectively, at a patio covered dish supper, Saturday evening. The hostess was assisted by committee members Mesdames Lloyd Gilmore, Charles Deverts, Ronald Rowe and Miss Eunice Mitchell.

A short business meeting conducted by Mrs. Maude Graham, president, followed supper. During the evening Mrs. Jack Shrum was initiated by Mrs. Homer Goslin, with past patrons being present at the ceremony.

This Is LIFE

BY GERRY McGEER

Men are the inventors of the world, but in the last analysis it is women who pass judgment on the gadgets that make the U.S. what some people in other lands describe as a woman's country — a debable point that has no place in this column.

Mrs. Una Winter of 8308 Ninth St. is a bit of a philosopher. She says that if women have too much time on their hands it is because men have invented all the wonderful appliances that make life so much easier for them.

She knows what she is talking about because it was her brother, the late Earl H. Richardson of Upland, who invented an iron that sold women on the daytime use of electricity. One of Mrs. Winter's most prized possessions is the gold-washed hot-point engraved with her name presented to her when the 20,000,000th Hot point was manufactured in 1941. Incidentally it has never been used and is kept covered with black velvet in a place of honor in her home.

She says that her brother invented it but it was his wife who put him on the right track.

The Richardson's had come to Upland when he was in his early twenties. They came here because Mrs. Richardson had T. B. from Aurora, Ill. where he worked for one of the early street car lines. He repaired the electric trolleys and worked on the lines. The work he got here was in the old power house on San Antonio Heights. There was no house available so they lived in two tents and planted trees as shelter.

In his work he often came in contact with the owner of the Ontario Works and one day the owner asked him to invent something that would cause electricity to be used in the daytime, "So we can make more money!" he said.

After much thought young Richardson decided that the one thing that would be most practical and within the price range of most families would be an electric iron. There had been some invented at that time, he found, and so he bought them all.

He took them apart and put them together changing the elements and learning as he went along. Mrs. Richardson, who was well enough to do the family washing and ironing wasn't much impressed. She liked her sad irons better.

One day he brought her one he had just fixed when she was ironing a child's ruffled dress. Later he asked her about it and she told him that she liked the old irons better because the point got into ruffles and in the tucks of shirts. "It hasn't got a hot point", she said.

That was the clue he used to invent a now very famous iron.

It was given its name by Mr. Richardson and the owner as they sat under a pepper tree dreaming up a success that really happened.

The General Electric company later bought the iron and continues to make it. About 100 Upland families are in the employ of the company.

One Lot Addition To City Likely

Approval has been given by the Upland city planning commission for the annexation of one lot at the southwest corner of Ninth St. and Benson Ave.

A letter from the Upland city council referred the annexation question to the city commissioners, who on Thursday night, approved the request of Mrs. Helen Mae Motter, 1600 W. 9th St. The letter will now go back to the city councilmen, who will consider starting the procedure in getting the small area annexed to the city. Mrs. Motter explained she wants to be included within the city limits in order to be privileged to use municipal domestic water in a house being erected immediately south of the Motter residence facing on 9th St.

In other actions at the Thursday meeting, the city planners:

Voted to permit Donald Rule to establish a school at 745 N. 2nd Ave., provided not more than six students were in attendance.

L. R. McKee, owner of the property, approved the request and no objections were voiced. Mr. and Mrs. Rule each have degrees in education. Dr. Henry G. Brubaker and Ralph Hunt sponsored the motion approving the project.

Mrs. Dysia Echols was given a permit to include in her new residence on Laurel Ave. provision for a beauty parlor. She now has a beauty parlor in the downtown area but will move to her new residence on its completion. William Kistinger and Dr. Brubaker sponsored the motion approving the request.

Mrs. Modesta Pantoja requested permission to place a barber shop on her property at 12th Ave. and 9th St. She was advised to begin the routine to obtain a zoning variance.

Don Hewitt, local electrician, was given permission to make alterations at his Arrow Hwy. building to accompany his firm's trucks.

Dancers Frown On "Singles"

When it comes to the book of of the rules the square dancers have it all over bridge players.

In square dance circles a controversy is brewing on the subject of the stag line and the wall flower. The Upland News reported in an interview with Mr. and Mrs. Herbert Hall, presidents o the Alta Loma Hi Hillers that the stag line and the wall flower had been eliminated.

The Hi Hatters have a book of rules and are regulated by a set of bylaws, making provision for what they call in square dance parlance "cut 'em in and cut 'em out".

Many calls from enthusiasts resulted from the recent story enroll several new square and round dance students in their October classes from among them Mr. Hall said.

Dr., Mrs. Lee On New York Vacation

Dr. and Mrs. Ralph W. Lee have gone to New York for an August vacation. He is pastor of the Upland Methodist church and the couple made the trip east by airplane.

While in New York city, they will visit her brother and other relatives.

SHARPS AND FLATS

(Continued from Page 1)

courtroom episode is that he lost the case, although his plea has lived through the years.

UPLAND DOGS

Upland dogs have an individuality peculiar to themselves. They seem to sense the importance attached to them by owners. A dog in Upland is personal property and if you clip one with your car and fail to stop, the long arm of the law will probably nail you for hit-and-run.

Upland pedestrians are noted jaywalkers but they can't hold a candle to Upland canines. There is no way to describe the independence exhibited by these dogs when they want to cross a street during heavy traffic.

The most arrogant among these bone-crushing jaywalkers live on East Ninth Street. The dog population is heavy in this part of the city and they all seem to have business on the other side of the street whenever a car approaches.

These dogs don't scurry for the safety of the far curb. Heaven forbid such a show of cowardice. They saunter across the slab with all the leisure of a boardwalk promendader. If the hapless motorist burns rubber and nearly overturns, the sauntering canine might cast a glance of mild curiosity in the direction of the careening car.

If one of these dogs, and it happens once in awhile, becomes the corpus delecti in a fatal carcanine accident the driver is at once the lowest form of insect life. The doting family brands the harassed driver a murderer, no less, and wishes him all the tortures of Dante's Inferno. The family sheds a few tears over poor "Old Rover" and discuss in detail his almost human traits. When the conflab is over they calla the police department to handle last rites.

The Upland police department could have another full time officer for the protection of the city were it not for the constant call by pet owners for assistance.

POLICE HEADACHE

Each day the police blotter carries entry after entry created by the city's dogs and cats. These calls range from getting a cat out of a tree to dog bite cases. Dogs stray from home and frantic owners beseech the police to drop all business in hand and turn out the reserves in an effort to locate, "Missy, a blonde Cocker spaniel with soulful eyes".

The blonde Cocker spaniel generally shows up at home later, under her own power, after tearing up a neighbor's flower bed root by root. Then the neighbor calls the police and in an irate voice demands that something be done to protect the taxpayers from the depredations of wandering pets. The police make a futile investigation of the damage and search the area without results. "Missy" is back at home by this time curled up on a chaise lounge fatigued after digging in the flower garden.

This is not be be construed as a tirade against dogs. Dogs are dogs and only become a menace to life, limb and the pursuit of neighbors' happiness when owners allow. If owners are inconsiderate of others it shows up in their pets.

COCKER AT HOME

After all, we have a Cocker spaniel at home. She refuses to recognize me as master of the house but tolerates my friendly approach from time to time.

The only hour of the day she shows any more than passing interest in me is during mealtime. She is a Grade-A moocher and knows she can wheedle tidbits by going into an appealing act. I'm a sucker for the act but her mistresses are made of sterner stuff.

She has a fixation or two and they are serious. One concerns being clipped, the other about having her toenails trimmed. The last trip to the veterinarian cost enough to feed a small family for a week. They had to knock her out before finishing the haircut. She wore out her welcome with one of the most unladylike displays of temper ever recorded in a local pet hospital.

That's why I'm glad to see this new pet hospital on Grove Ave. nearing completion. "Sassy" is about due for another general overhaul and I haven't the courage to take her back to a place she has visited in the past.

I'll ease her into the lobby in a casual manner and tell the boys, as I hand over the leash, "She's a bit sensitive so you better use a muzzle while working on her".

Foreign Minister Molotov of the Soviet Union appelaed to the American people to join with the people of the Soviet Union to prevent a third world war. In a new vein, he urged a world economic parley.

Trip Abroad Thrilling For Uplanders

Getting a close up view of peoples in Europe is educational and interesting.

At least the recent trip to France, Germany, Italy and other countries was very thrilling for Mr. and Mrs. Harold B. Wise and daughter, Carol, 883 N. 2nd Ave. Italy, especially, impressed the visitors. France had much to offer but the attractions and the attitudes of the people in Italy and Germany were more appealing, according to Mr. Wise. They were in Europe about a month. The trip was made by steamer.

Mr. Wise is proprietor of the Wise pharmacy.

Concrete Channel From S.A. Dam Awaits Finances

Construction of a huge concrete-lined channel between San Antonio dam and Prado dam may be started next spring, although there is no definite construction schedule at present due to lack of federal appropriations.

This was the report yesterday from the Los Angeles office of the U. S. army engineers. Even though money for construction of the long flood control channel has not been appropriated by Congress, construction plans are going ahead.

One of the first phases of the proposed work is purchase of right-of-way for the huge project. In general, the channel will be from 20 to 30 feet in width and its construction will entail relocating of many underground utility lines and replacing of highways and bridge.

The channel will begin on the west side of the San Antonio dam and extend in general on a direct line south to Prado dam. Its purpose will be to carry flood waters from the local dam and the concrete walls will keep the rushing waters from overflowing on to adjoining property.

Earlier, officials had expressed the view the channel work would start soon after start of the fiscal year July 1.

Congressional action, however, has not alloted money for this phase of the project, although appropriations are expected. It will take more than a year to complete the work after money is received, officials in the Los Angeles office explained.

One spokesman forecast that bids might be called next spring for construction of one phase of the project.

Mrs. Jane Walborn Buried on Monday

Mrs. Jane Elizabeth Walborn, 310 N. Campus Ave., died in a hospital in San Bernardino, July 28 She had been ill one year, and was 44 years of age.

Born in Butler, Pa., she had lived in Upland for 13 years. She was a member of the first church of the Nazarene and funeral services were held in the church Monday morning with the Rev. William E. Thompson officiating. Interment was in Bellevue cemetery. The church quartet sang, "He Is No Stranger To Me".

Mrs. Walborn is survived by two daughters, Mrs. Richard Nuney, Cucamonga and Miss Karen Lynn Walborn, at home; one son, Larry Walborn of Bloomington, two sisters, Mrs. Dorothy Taylor, New York and Mrs. Bernice Sedoris, Butler, Pa.; five brothers, Waldo Anderson, Hollywood, Howard Anderson, New York; Garth, Owen and Clyde, all of Butler, Pa.; and three grandchildren.

Swim and Dinner For Panhellenics And Their Husbands

The Panhellenic society held the annual husband's night Thursday in the form of a patio supper and swim party at the home of Mr. and Mrs. Glenn Deal, 630 W. 25th St.

About 65 members and their husbands enjoyed swimming before and after dinner.

Mrs. Henry Vollerson headed the committee in charge of arrangements and she was assisted by Mesdames Clyde Duncan, Gene Alair, Glenn Deal, Alan Swinler, Phillip White, Earl Hawthorne, Russell Carlton, Clifton Johnson and Arthur Pehl.

Devore Cut Off Favored By Board of Trade

Inclusion in the state highway system of the Devore cut-off, a diagonal highway from Foothill Blvd., east of Etiwanda to Cajon pass, is the recommendation today of the San Bernardino county board of trade to the San Bernardino county supervisors.

Ten other highway recommendations were made by the board of trade after an intensive county-wide study and after contacting various civic groups.

Improvement of the Devore cut-off has been long advocated by interests outside of San Bernardino city but as yet little change has been made in the thoroughfare. Assemblyman Eugene G. Nisbet was interested in getting this artery included in legislative-enacted measure but this proposal did not come up for a vote in Sacramento.

The county highway department has made tentative plans for improving a portion of the artery in future allocations. If the route were part of the state highway system, however, state funds would be available in larger amounts for improvements. The route would provide a short cut for motorists wishing to get to the desert or wishing to arrive at the Los Angeles metropolitan area without having to go through San Bernardino city.

Woodwork Class Ends Program

Baseball players and tennis students are cutting into the woodworking classes of the city's recreation program only slightly. The boys who are taking part in all three activities seem to find time for all of them, according to Wallace Randleman who is directing the industrial arts recreation program for the city at the Junior High school.

The 65 boys in the class pay cost for their materials, which range from 25 cents up to $3.50. Some boys bring their own wood and hardware.

This is the final week of the program in which boys from 10 years of age up have been enrolled.

Jeanette King the one girl in the class made three stools and then gave up because the boys razzed her.

There has been a wide variety of objects made, from the useful to the purely ornamental. Ronald Karp, Larry Turner and Chris Brown made shoe shine stands. John Barr made a garden stake house number.

Gerry Neel's lawn chair and Louis Edelman's desk were among the most ambitious exhibits. Jim Mason reproduced a maple saw handle for use at home.

Dick Campbell, now on vacation at the beach, is using a surf board he made at the program. Chris Brown and Tom Chalberg are each making similar boards.

Bennie and Alphonso Zamidio are making lamps. Garden trays are being made by Jon Kay, Kenny and Doug Smith. Roger Stowell made a stool and an end table. A table bookcase has just been finished by Reed Hansen for his sister to take to college.

Mr. Randleman will be the industrial arts teacher at the new Upland High school. He taught in the same capacity at the Upland Junior High school last year.

Two Million People In Cars Came Into State Since Jan. 1

State and Southland auto influx rocketed to a new semi-annual record, the Automobile Club of Southern California reported yesterday.

Carrying 2,055,229 passengers, 784,402 out-of-state autos entered California in the first six months of 1955. Southland influx during the same period totaled 445,740 cars with 1,170,108 passengers.

The former influx record was set in 1953, when 743,199 foreign cars entered the State, with Southland highways accommodating 415,832 of the total.

Eastern Star, Masons To Picnic Tonight

Final plans are in readiness for the joint picnic tomorrow night of the local Masonic lodge and Eastern Star mothers. The picnic will be at 6:30 p.m. tomorrow at the Upland city park.

Mrs. Jay R. Thrasher is chairman of the joint committee in planning the contributed dish dinner and program. Others on the committee are Michael Hanna, Mrs. William Morrow, Waldo Brafford, Charles Riggs, Charles Benninghoff, Neal Henderson, Neil Hughes, Mr. and Mrs. Malcolm Huff and Mr. and Mrs. Harry Null.

In Upland 47 Years Mrs. F. J. Warner Dies

Mrs. Dorothy Margaret Warner, the wife of Francis J. Warner, 1365 W. 24th St., San Antonio Hts., passed away at home Saturday, after an illness of several years.

Born in Richmond, Ontario, Canada, she came to Upland 47 years ago and had previously lived in Woodstock, Canada. She was 77 years of age.

Besides her husband she is survived by four daughters, Mrs. Robert Sigmon, San Bernardino; Mrs. Melvin F. Robinson and Miss Bernice Warner of Upland and Mrs. Kenneth Green of South San Gabriel; three sons, Walter F. in Kelowna, Canada; Gordon P. in Fullerton and Leslie A. in Modesto; 11 grandchildren and one great grandchild.

She was a member of Bethany Union church.

The funeral service was held Tuesday, at 2 P.M. in the Stone Funeral Home, with the Rev. Lewis E. Downs officiating, and interment followed in Bellevue cemetery.

The Federal Government would up the 1955 fiscal year, ended June 30, with a deficit of $4,192,000,000.

Democratic Women Name New Leaders

New officers of the West End Women's Democratic club are now in office following their recent installation in the Sycamore Inn. Mrs. Hal L. Reed of Alta Loma is the immediate past president.

Mrs. Wendell Sousa, Ontario, is the new president and other new officers are Mrs. A. T. Arbezzi, Alta Loma, vice president; Mrs. Charles Ertel, secretary; Mrs. Claude Reeves, treasurer and Mrs. Joe Tanner, publicity, the latter two of Alta Loma.

Many Learn In Swim Plan

Adults as well as children have recently completed swim classes the Upland chapter of the American National Red Cross is currently conducting at the Chaffey pool.

Mrs. Henry G. Sampson and her two children Linde and Terry, 382 N. Palm Ave. completed the beginners' course and went on to obtain certificates in the intermediate class.

Seven Upland and Cucamonga swimmers qualified as water safety aids. Passing a full training course in water safety under a Red Cross trained instructor the following are now entitled to teach swimming classes: Sammie Barker, Margaret Castellini, Gail Hartig, Dan Nicholson, Suzanne Herndon and Adele Milliken, the latter two of Cucamonga.

Intermediate swim certificates also went to Connie Chalberg, James Gilcrease, Larry Huddleston, Kenny Nelson, Stanley Bonillas, Jaimie Clark, Glennis Goforth, and Randy Kriegh.

Dan Nicholson is so far the only Upland boy to pass the junior life saving examination, while Danny Devlin, Edward Robinson and Gary Thomson have completed the course in senior life saving.

Beginner certificates went to: Mrs. Sandy Eimar, Gayle Geren, Sharon Guy, Mrs. Henry G. Sampson, Mrs. Yvonne Seibel, Allan Cranford, Mary Frances Ellena, of Etiwanda; Cheryl Litchfield, Kathleen MacClean, Isabel Molinar, Mary Ann Murray, Jean Thayer, Ralph Whitney and Nancy Williams.

Registration for additional classes will be held at Chaffey Plunge on July 30 and 31 from 9 a.m. until 12 noon. An adult must accompany the student for registration. No registration may be made by telephone. For additional information please telephone the Upland Chapter, American National Red Cross, 316-173.

Nisbet Studying Fairs, Costs And Programs

Assemblyman Eugene G. Nisbet of Upland is going to join other legislators in a special study of all the fairs in the state, he being a member of the sub-committee on fairs and expositions of the assembly interim committee on agriculture.

A certain percentage of the fees paid by the horse race tracks in the state go to the support of the county and district fairs.

"Our committee is going to be very much concerned as to what happens to this money that is arbitrarily allocated to the various fairs", Mr. Nisbet said. "Good fairs should get proper support and fairs that are not rendering a valabue community service should either be improved or cancelled.

"Fairs have an important function and our job will be to determine what can be done to improve the educational features of the entire fair program". The committee met in Merced Friday to make definite plans for the interim study.

Thousands At St. Joe's Fiesta

Several thousand West Enders enjoyed a spectacular two day Fiesta on St. Joseph's Parish grounds during the past weekend. It was the first community function to be held at the nearly completed plant. The quadrangle formed by the church, school and social hall, was a beautiful setting for the colorful booths and rides.

The outstanding feature of the event was the Italian spaghetti dinner served to nearly 1500 on Sunday, from noon until 8 p.m.

Father Michael J. Browne, pastor, expressed gratitude to the members of the parish and their many friends who made the affair a success.

All proceeds will be applied to the necessary furnishings of new buildings.

The affair, arranged by the Holy Name Society, was led by Joe Seitz as general chairman. Women of the Altar and Rosary Society, who were in charge of the seven booths were led by Mrs. Harry Wright and Mrs. Hollis Guthrie, as co-chairmen.

Lemon Picking Outlook Good

Lemon picking during the next two months may be improved over earlier months in the season, is the citrus report today.

Harold A. Crane, agricultural commissioner, said the lemon quality is "exceptionally good" and the forecast since the spring bloom is 80 per cent of a normal crop.

Outlook for the new orange navel crops, however, is not quite as bright as a month ago "due to the varying amount of crop on groves that are in varying degrees of neglect". Mr. Crane forecast an 80 per cent orange crop.

Science Sermon On Fruit of Spirit

"The fruit of the Spirit is in all goodness and righteousness and truth", is a quotation from the golden text of the lesson-sermon on "Spirit", to be read in the Ontario Christian Science church Sunday.

"The Scriptures imply that God is all-in-all and also declare that God is Spirit", says a correlative passage in "Science and Health with Key to the Scriptures", by Mary Baker Eddy.

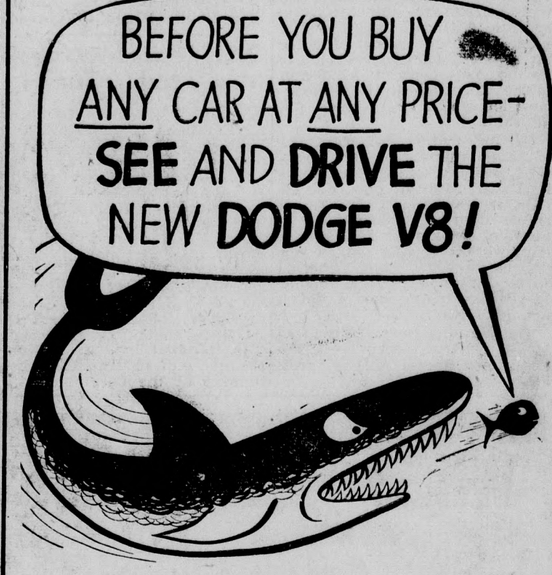

The Agriculture Department reported that farmers' income dropped 4 per cent in the first half of 1955.

A blinding streak of lightning, followed by a sharp thunderpeal, causes a sinner to pause and think.
